NEW SOUTH WALES

STATISTICAL REGISTER

FOR

1900 AND PREVIOUS YEARS.

COMPILED FROM OFFICIAL RETURNS.

T. A. COGHLAN
(Honorary Fellow of the Royal Statistical Society),
GOVERNMENT STATISTICIAN.

Published by Authority of
THE GOVERNMENT OF THE STATE OF NEW SOUTH WALES.

SYDNEY: WILLIAM APPLEGATE GULLICK, GOVERNMENT PRINTER.

1902.

[5s.]

PREFACE.

THE fourteen parts which this volume comprises have already been issued separately, and now appear in a collective form with a General Index. Since the publication of the various parts the figures contained in them have been subjected to careful revision. It is possible, however, that some errors may still remain uncorrected; if there be any such which come under attention information concerning their nature and position will be gladly received.

The following pages contain chiefly matter in a tabular form, and should therefore be read in conjunction with the "Wealth and Progress of New South Wales," an annual publication, based for the most part on the figures found in this volume, and designed, as its title shows, to illustrate the resources of this State.

Government Statistician's Office,
Sydney, November, 1901.

No. 4.—Area, Dwellings, Population, and Rates of Municipalities.

Municipal Year.—The municipal year of the City of Sydney begins on the 1st January; in other municipalities it begins on the first Tuesday in February.

Borough and Municipal District.—The maximum area which may be incorporated as a municipal district is 50 square miles, with a population of not less than 500. To entitle a district to incorporation as a borough, it must have a minimum population of 1,000 within an area of not more than 9 square miles.

Municipal Rates.—Municipal rates are levied on nine-tenths of the annual value of improved property, and on 5 per cent. of the capital value of unimproved land, except in the City of Sydney where the maximum percentage on unimproved is 6 per cent. In boroughs and municipal districts they are struck yearly; in the City of Sydney, from time to time, as may be decided. In the city the general rate stood at 16d. since 1891 to 1899, but was again raised to 1s. 6d. in 1900, and this covers all expenditure; in the other municipalities the general rate cannot exceed 12d., but special rates may bring the total up to 2s. in the £, with 6d. more for street watering, and an additional rate may be levied for water supply when the works have been constructed under the Country Towns Water and Sewerage Acts.

† With the sole exception of Manly, the City and Suburban Municipalities are supplied by the Metropolitan Board of Water Supply and Sewerage. The rates levied are appended to Tables Nos. 26 and 36.

‡ This number includes buildings used as stores, offices, &c.

‖ Street watering; local only. § Year ended 31st December, 1900.

NOTE.—*Private Lighting.*—M indicates that supply is by the municipality, C by private company; G stands for gas, E for electric light. The figures represent the price charged—*i.e.*, gas per 1,000 feet and electricity per Board of Trade unit, or annual charge per lamp.

*In addition to this amount an annual sum of £53 11s. is payable on account of the interest on half the cost of construction of an artesian bore, which, however, remains the property of the Government.

Water Supply of Country Towns.—The Country Towns Water Supply and Sewerage Act and Amending Acts provide for the construction by the Government of waterworks and sewerage systems in municipalities which are outside the areas served by the Metropolitan and Hunter River Water Supply and Sewerage Boards. The cost becomes a charge against the municipality, carrying interest at the rate of 3½ per cent., and repayable by annual payments over a period of not more than 100 years. Under special circumstances, the Government may remit part of the cost.

Though the Manly works were constructed under the Metropolitan Water and Sewerage Act of 1880, the more favourable terms of the Country Towns Act of 1894 were extended to them; hence their inclusion in this table.

At Forbes, Hay, and Wilcannia the works were constructed under the supervision of the Municipal authorities, and the expenditure shown in the table is not the actual cost of the works, but the Government valuation.

Richmond has also constructed waterworks under the Act, but the control was subsequently transferred to the Metropolitan Board of Water Supply and Sewerage. (See Table No. 34.)

Campbelltown and Liverpool have each a separate water supply drawn from the main canal, particulars of which will be found in Tables Nos. 32 and 33.

In addition to the above, there are seventeen districts which are supplied by the Hunter District Water Supply and Sewerage Board. Information with respect to this Board to 30th June, 1900, will be found in Table No. 35.

The municipal districts of Broken Hill and Silverton are supplied with water from works situated at Stephen's Creek, which were constructed by a private company under a special Act passed in 1888.

Municipal Elections.—In all municipalities, except the City of Sydney, elections are held in the month of February, the two auditors and one-third of the aldermen being elected annually. All ratepayers, whether male or female, are entitled to vote, property assessed at an annual value of, and under, £25 carrying one vote; £75, two votes; £150, three votes; and over £150, four votes. With a population between 500 and 1,000, a municipality may be divided into two wards; between 1,000 and 4,000, three wards; over 4,000, four wards. When a new municipality is formed by the union of others, the number of wards may be increased to six. North Sydney is the only one having more than four, as it was incorporated by the amalgamation of St. Leonards, East St. Leonards, and Victoria, and the number of wards was increased to five. Undivided municipalities are set down as consisting of one ward.

In the city of Sydney the elections are held every second year on the 1st December. Unlike those in the other incorporated districts, owners, occupiers, and lodgers occupying premises for six months and over have the right to vote.

Capital Cost and Net Liability.—The difference between these totals is mainly attributable to a sum of £377,382, representing expenditure by the City Council on water-works, afterwards taken over by the Metropolitan Board of Water Supply and Sewerage, on which the Board does not calculate interest. As will be seen, this amount represents the exact difference for the last five years.

Cost of Offices.—The amount of the capital debt set down for the last four years does not include £32,341, the proportion of the cost of offices chargeable to the Water Supply Branch; the Board charge working expenses with rent on the new offices.

NOTE.—These works were constructed under the Country Towns Water and Sewerage Act. The Municipal Council of Richmond administered the service till the 26th May, 1893, when it was temporarily transferred, pending legal powers, to the Metropolitan Board of Water Supply and Sewerage. The Board is much restricted in its management, as only premises owned by persons who have signed agreements to take the water can be rated. The accounts are kept separate from those of the Metropolitan Water Scheme.

(+) Surplus. (—) Deficiency.

*The figures given above for year ended 30th June, 1900, are based on the statements referred by the Minister to the Board for report, as required by the Amending Act. The Board are in correspondence with the Minister on the matter, and the debt has not yet been finally determined.

Maintenance.—The figures given above for the first five years represent only the actual expenditure. Under the new Act, which came into operation on the 1st July, 1897, it was enacted that proper provision should be made for the reconstruction of renewable works by setting aside a sum from each year's revenue to the credit of a sinking fund at the Treasury, from which fund the amounts expended from time to time for maintenance and renewals should be drawn. Had provision been made for the sinking funds for permanent and renewable works, as laid down by the Acts of 1892 and 1894, during the six years for which the figures are given above, the item for maintenance would have been represented by the instalment for each year, and the operations would have resulted in greater deficiencies than the amounts shown for the years 1894-7.

Capital Debt.—Under the 14th section of Amending Act, No. 14, of 1897, the Board are required to levy such rates (subject to a maximum of 1s. in the £) as shall be sufficient to provide for (a) interest on the capital debt at 3½ per cent. per annum, (b) management and working expenses, (c) the annual instalment to the sinking fund for the reconstruction of renewable works, and (d) the deficiency on the previous year's operations (if any). Under the 36th section of the Act, the Minister has to determine the capital indebtedness of the Board to the Government up to the 30th June, 1897, and thenceforward annually.

Note.—Mortgages of Registered British Vessels are dealt with under the Imperial Merchant Shipping Act of 1894. The mortgages are, according to the Act, divided into two classes—one in which the ship is the sole security (principal sum), and the other in which advances are made on the security of what is termed "the Account Current," which may comprise other appliances besides ships. Registrations are effected at Sydney and Newcastle.

NOTE.—Passenger certificates have to be renewed at least every six months. The half-yearly charges for vessels not exceeding 50 tons are £1; over 50 and under 100 tons, £2; over 100 and not exceeding 300 tons, £3; and an additional £1 for every additional 300 tons or part thereof. Under the provisions of the Navigation Amendment Act, 1899, all vessels, whether steam or sailing, carrying passengers or only cargo require certificates. The amounts collected for all ports during 1900 were—£1,114 for sea-going steamers, and £475 for harbour and river steamers, making a total of £1,589.

No. 37.—Certificates of the Department of Navigation, 1895–1900.

DEPARTMENT OF NAVIGATION.—The "Navigation (Amendment) Act, 1899," abolished the Marine Board and the Local Marine Board, and created a Department of Navigation, including a Superintendent acting under the control of the Minister, and a Deputy-Superintendent for the Board at Newcastle. The administration of the Mercantile Marine was by this Act transferred to a Government Department.

CERTIFICATES—*Master.*—To obtain a master's Foreign-going certificate, the candidate should be at least 21 years of age, and have served six years at sea. For the coast trade the minimum age is 20 years, and the service at sea four years, one year of which must have been as mate.

Mate.—To obtain a mate's Foreign-going Certificate a first mate must be at least 19 years of age, and have served five years at sea, one year of which must have been as mate in a grade not lower than third or fourth mate in charge of a watch, whilst in possession of a second mate's certificate. For position of "only" mate the candidate must be at least 19 years of age, and have served five years at sea. For second mate the minimum age is fixed at 17 years, and the service at sea four years. For the coast trade a mate must be at least 19 years of age, and have served three years at sea.

Engineer.—A candidate for a first-class certificate of competency or service must be at least 22 years of age, and for the second and third-class certificates the minimum age is fixed at 21 years.

Marine Surveyor.—Certificates of Competency are issued to those who can pass, or have passed, the examinations necessary for an extra first-class engineer's certificate, or to master mariners who have been in command of foreign-going ships for not less than five years, or those who are in possession of extra master's certificates. Certificates of Service are issued to persons who have served as Marine Surveyors in any part of New South Wales for three years prior to 1881.

Pilots and Pilotage.—Appointments to the Pilot service are made by the Public Service Board, and all pilots are Government officers. Certificates of Exemption from Pilotage for the various ports of the State may be granted to British subjects who are *bonâ fide* masters of British ships employed in the Australasian, South Sea Island, or the whaling trade, on passing the necessary examination, provided they have been three times in and out of the particular port for which the Exemption Certificate is desired, with their vessels as masters or watch-keeping officers. Masters of vessels who hold Certificates are not liable for pilot dues unless the services of a Government Pilot are obtained.

NOTE.—The Department of Navigation subsidises tugs at the places mentioned in the above table for the purposes of towing vessels in and out of port or river. The tugs are not allowed to leave the station without the sanction of the Department, and the master must endeavour to be in the vicinity when vessels are ready for sea, and in cases where vessels are in actual danger he must promptly render assistance. The maximum rate for ordinary towing is fixed at 4d. per registered ton with a minimum of £1 10s. Disputes arising with respect to special services must be settled by arbitration. The masters of tugs are required to take pilots off to vessels signalling for services of a pilot.

Sailing Vessels.

The number of passengers by sailing vessels is becoming smaller from year to year, owing to the time taken in the voyage and the great decrease of the rates of steamer fares. Single fares from Sydney to London are, however, quoted as £35 to £45 first class and £18 to £22 second class, and from Newcastle to San Francisco as £20 to £25.

Adjustment of Returns.—The figures now given for years prior to 1894 do not agree with those originally published in the "Register." The differences have been caused by the adjustment of the returns relating to gold and live stock. As New South Wales is a gold-producing country, it has been adopted as a rule to treat as domestic produce any excess of export over import of gold, and when the import is the greater to class as foreign produce the whole export. In the case of live stock the returns published by the Chief Inspector of Stock, Queensland, of the border traffic between the two States, have been accepted in lieu of those of the New South Wales Customs Department.

No. 11.—Trade of New South Wales with each Country during 1900.

Collection of Trade Returns.—The quantities and values of the imports and exports are in nearly every instance those furnished by importers and exporters or their authorised agents. In the case of the imports, the particulars are obtained under declaration; but this procedure is not generally adopted for the export returns, although the Collector of Customs has power to demand particulars of goods, under declaration if deemed advisable. No official valuations are made, but the entries are, nevertheless, checked, and amended if necessary, by competent officials of the Customs Department.

Transhipments.—Goods transhipped at the ports of New South Wales are not included in the Import or Export returns. It is the practice, however, in some countries to enter such articles as imports from, or exports to New South Wales. To this practice is partly due the discrepancy between the returns of New South Wales, as given in the Statistical Register, and those published by other States.

Post Office Parcels, &c.—The quantities and values of goods transmitted through the Post Office have been included in the returns of Imports and Exports.

Proof Spirit.—Alcohol of the specific gravity of 0·92 at 60° Fahr. is proof spirit. The standard of proof spirit by which all mixtures of alcohol and water are judged contains 57·27 per cent. by volume, and 49·50 by weight, of alcohol. Spirits other than bitters, essences, sarsaparilla, tinctures, &c., are subject to a duty of 14s. per gallon of proof spirit; a proportionate reduction in the duty is allowed on spirits to 16·5 under proof, but on spirits of less strength the duty is enforced as at that strength. The returns of spirits given in the general imports and exports are stated according to measure, whereas the quantities shown in the Table of Revenue collected by the Customs Department are gallons of proof spirit.

No. 14.—Exports from New South Wales during 1900.

Articles for Consumption and Use on Voyage.—Dutiable articles obtained for ships' requirements are classified as Exports, and are considered part of the trade of New South Wales with the countries to which vessels are bound. Information is not available regarding the exports of "Free" goods, required by vessels on voyage; consequently the following returns do not include the quantity and value of such articles.

War Transport Vessels' Cargoes.—Goods forwarded to Cape Colony and Natal, in British Government Transport vessels, and goods sent to the Philippine Islands, in vessels of the Government of the United States of America, are included in the Returns of Exports.

Exports—Domestic Produce or Manufacture.—Articles which were partly or entirely manufactured from imported materials, are shown under the heading "Domestic Produce or Manufacture."

Valuation of Exports.—Articles of Export are valued at the port of shipment or inland station at which the goods leave New South Wales.

Quantities.—The values only have been inserted opposite those articles in which the quantities were described by Exporters simply as packages.

* The large values are accounted for by the return of valuable racehorses to other States after competing at race meetings held in New South Wales, and by the despatch of New South Wales racehorses to other States to take part in meetings there. The traffic is chiefly by rail.

† The statistics have been adjusted in accordance with the Overland Stock Return of Queensland.

Proof Spirit.—Alcohol of the specific gravity of 0·92 at 60° Fahr. is proof spirit. The standard of proof spirit by which all mixtures of alcohol and water are judged contains 57·27 per cent. by volume, and 49·50 by weight, of alcohol. Spirits other than bitters, essences, sarsaparilla, tinctures, &c., are subject to a duty of 14s. per gallon of proof spirit; a proportionate reduction in the duty is allowed on spirits to 16·5 under proof, but on spirits of less strength the duty is enforced as at that strength. The returns of spirits given in the general imports and exports are stated according to measure, whereas the quantities shown in the Table of Revenue collected by the Customs are gallons of proof spirit.

* The export of Wool during the Calendar Year does not represent the clip of the Wool Season; the outward trade during the year January to December includes portions of the clips of two Wool Seasons, the commercial wool year ending on the 30th June. Shearing generally takes place between the months of May and November.

NOTE.—The total values of Imports and Exports at all Ports are shown on Tables Nos. 1 and 2.

No. 28.—Goods Reintroduced into New South Wales *via* Victoria and South Australia, 1900.

(Not included in Returns of General Imports and Exports.)

Reintroduction Certificates.—Goods liable for duty forwarded from coastal ports (Sydney and Newcastle), or from inland stations in the Riverina District or at Broken Hill for reintroduction into New South Wales, *via* Victoria or South Australia, must be covered by a "Reintroduction Certificate" issued by the Customs authorities, in order to be exempt from payment of import duties upon readmission into this State. The list below includes a large number of "Free" goods.

Certificates are granted for goods to be reintroduced within one month from the date of issue, after which time the goods are subject to full import duty. The general Imports returns given in Table No. 13 and Exports returns Table No. 14 do not include the trade under Reintroduction Certificates.

No. 35.—Excise Tariff Changes from 1866.

Date when passed.	Act.	Took effect from—	Duty.	Alterations made.
		SPIRITS.		
19 Jan., 1866..	29 Vic. No. 15	29 Nov., 1865..	℔ proof gallon. 9s. 5d. and 10s.	Under various Acts the Excise duty on spirits distilled in the State had been gradually raised from 2s. 6d. per proof gallon, imposed April, 1830 (Act 11 Geo. IV, 9), to 6s. 5d. in September, 1855 (Act 19 Vic. 15). Under Act 29 Vic. No. 15 the Excise duty was fixed at 9s. 5d. per proof gallon if distilled from sugar upon which Customs duties had been paid, or 10s. if distilled or made wholly, or in any proportion exceeding 10% of the whole, from materials upon which no Customs duties had been paid.
6 Feb., 1880..	43 Vic. No. 17	10 Dec., 1879..	12s.	Duty raised to 12s. per proof gallon.
8 July, 1887..	51 Vic. No. 6	30 Mar., 1887..	14s.	Duty raised to 14s. per proof gallon.
		BEER.		
3 June, 1887..	50 Vic. No. 38....	3 June, 1887..	℔ gallon 3d.	Prior to the passing of this Act there was no Excise duty on beer brewed in New South Wales. The Act defines "beer" to include ale, porter, and every other malt liquor or fermented beverage purporting to be beer, or made in imitation of beer, or malt liquor, and whether brewed wholly or in part from any other substance than malt, and fixes the duty at 3d. per gallon.
		TOBACCO.		
10 April, 1884..	47 Vic. No. 12....	20 Feb., 1884..	℔ lb. 1s.	Prior to the passing of this Act there was no Excise duty on tobacco manufactured in New South Wales. The duty was fixed at 1s. per lb. on tobacco manufactured or cut in any tobacco factory. The Act also provided for license fees to be paid by manufacturers and vendors.
8 July, 1887..	51 Vic. No. 7	30 Mar., 1887..	1s. 3d.	Duty increased to 1s. 3d. per lb.

No. 40.—Goods on which Drawback was obtained, 1900.

Drawback of Customs Duty.—A drawback of the full duty paid on importation is allowed on goods if exported in original packages as imported, provided that the Collector of Customs is satisfied that in all respects the goods are in the same condition and of the same value as when they were entered for duty on importation. Drawbacks of import duties are allowed on ale, beer, wine, opium, medicines, toilet preparations containing spirit, but not on intoxicating spirits, tobacco, cigars, cigarettes, tinctures, perfumed spirits, Florida water, and bay rum. There is no limit to the period in which Drawbacks may be obtained. Drawback of Excise duty is allowed on beer only.

No. 5.—Particulars of Auction and Other Sales.

Forms of Alienation.—Crown Lands may be acquired by (1) Auction Sale and after Auction, (2) virtue of Improvements, (3) Special Purchase, (4) virtue of Volunteer Land Orders, (5) Exchange, (6) Dedication, (7) Conditional Purchase, and (8) Homestead Selection.

Divisions in which Land may be acquired.	Authority.	Limit of Area.	Minimum Price.	Remarks.
AUCTION SALES.—Payment to be completed within three months.				
Eastern, Central, Western.	Act 1884, sections 61 and 62, and Regulations 131 and 132.	Town lots, ½-acre; Suburban lots, 20 acres; Country Lots, 640 acres.	The upset price is fixed by the Minister for Lands, but is limited by law at not less than £8 per acre for Town, £2 10s. for Suburban, and £1 5s. for Country lots. Twenty-five per cent. of the purchase money must be paid at the time of sale, and the balance within three months, otherwise the sale may be declared void and the deposit forfeited.	Crown Lands not exceeding 200,000 acres in the aggregate for the whole Colony may be sold by auction annually. Town and Suburban Lands are areas within the boundaries proclaimed Town and Suburban Boundaries. Areas outside these limits are treated as Country lands.
AUCTION SALES.—Deferred Payment system.				
Eastern, Central, Western.	Section 61 of the Act of 1884 & Balances Act of 1887, and Regulations 131 and 132.	Town Lots, ½-acre; Suburban Lots, 20 acres. Areas outside these boundaries, that have been or may hereafter be sub-divided into areas not exceeding 20 acres, pursuant to section 61 of the Act of 1884.	The Minister for Lands may make special terms of payment, but the minimum price for each class of land must not be less than that given above, and in every case a deposit of 25 per cent. must be paid at the time of sale.	Deferred payments bear interest at the rate of 5 per cent. per annum. The time fixed for the final payment must not in any case exceed five years from date of sale.
AFTER AUCTION SALES.				
	Under section 56 of the Crown Lands Act of 1895 provision is made for the sale of Town and Suburban land, and land within Population Areas, which may have been offered for sale by auction and not sold. The price and terms of payment shall be the same as those attached to the last offer by auction. The granting of such applications is optional with the Minister.			
IMPROVEMENT PURCHASES.				
Eastern, Central, Western.	Act of 1884, section 46, and Regulations 136 to 138.	Inside Town Boundaries, ¼-acre; Outside Town Boundaries, maximum 1 acre. Applications made prior to the Act of 1884 becoming law are dealt with under the Act of 1875, under which the maximum area available for purchase was 640 acres.	£8 per acre for Town Land, £2 10s. per acre for Suburban or other land, or £2 10s. for any area less than 1 acre.	Persons who, by virtue of Miners' Rights or Business Licenses issued under the Mining Act, are in authorised occupation of, and reside on land within a proclaimed gold-field may, in consideration of improvements of a minimum value of £8 per acre for Town, and £2 10s. for Suburban and Country lands, purchase the land without competition, at the price to be fixed by the Local Land Board.
SPECIAL PURCHASES.				
Eastern, Central, Western.	Act of 1884, sections 63 to 68, Regulations 139 to 145.	Not fixed	As regards sections 63 and 66 minimum upset auction prices of each class of land; for sections 64 and 67, no minimum.	Crown Lands to which no way of access is attainable, or which are insufficient in area for Conditional Purchase, or are situated between granted land and a street which forms, or should form, the way of approach to such granted land, may be sold to the holder in fee simple of the adjacent lands upon the recommendation of the Minister or Land Board, without competition. Reservations of water frontage may be rescinded, and the land sold without competition to the owner of the adjoining land. Permission may be given to the owner of freehold land having water frontage to reclaim land below high-water mark, which land may then be sold to him without competition. Unnecessary roads may be sold without competition to the owners in fee simple of the adjoining land. In all of these cases the price is fixed by the Land Board.
VOLUNTEER LAND ORDERS.				
Eastern, Central.	Act of 1884, section 22, Regulation 146.	50 acres	....	Any person who was enrolled as a Volunteer between January, 1868, and April, 1878, and underwent five years continuous training, was entitled to a free grant of 50 acres of Crown Lands open for Conditional Purchase. These Orders could be transferred by the holder.
DEDICATIONS FOR PUBLIC PURPOSES.				
Eastern, Central, Western.	Act of 1884, sections 104 to 106, "Lands for Public Purposes Acquisition Act" (44 Vic., No. 16).	The Governor may, by notice in the *Government Gazette*, dedicate Crown Lands for any public purpose set forth in section 104 of the Act of 1884, and the "Lands for Public Purposes Acquisition Act" (44 Vic., No. 16).		
DEDICATIONS FOR RELIGIOUS PURPOSES.				
Eastern, Central, Western.	By a resolution of the Legislative Assembly of 11th May, 1880, this form of dedication was discontinued. Those lands dedicated subsequent to that date were in pursuance of promises previously made.			
EXCHANGES.				
Eastern, Central, Western.	Act of 1889, section 46. Act of 1895, section 47.	.....	Transactions under this head are chiefly confined to land, being exchanged for land without any monetary consideration.	The Governor may, after inquiry and report by the Land Board, accept from the holder the surrender of any land for which he holds or is entitled to demand a Grant, and may grant him in exchange an equal area of Crown Land. The Governor may, after similar inquiry and report, acquire by purchase or exchange land held under any tenure, which may be required for purposes of access or approach to any natural water, tank, dam, or any like purpose. The land exchanged must be of equal value.

NOTE.—No allowance has been made in the returns for resumptions and purchases of land made on behalf of various Departments, for returns of which see Table No. 15.

No. 14.—Land Resumptions and Purchases, 1890–1900.

Land acquired by the State.—Land may be acquired by resumption, by purchase, by exchange, by surrender, and by gift. Resumptions are made under the "Public Works Act" (51 Vic. No. 37), the "Lands for Public Purposes Acquisition Act" (44 Vic. No. 16). All resumptions, other than those made by the Minister of Public Instruction and the Commissioners for Railways, are dealt with by the Government Land Valuer.

No. 16.—Particulars relating to Conditional Purchases and Homestead Selections.

Land available for Conditional Purchase.—Lands held under the following forms of lease are not available for conditional purchase:—pastoral, homestead, conditional, scrub, snow-land, special, inferior, and artesian well, residential, mineral, and auriferous; also, the area in the Western Division is not available for ordinary conditional purchase. The only lands that can be conditionally purchased are the unoccupied lands outside reservations and areas under occupation license and annual lease in the Eastern and Central Divisions, and lands under conditional lease, if not within reserves, may be applied for as conditional purchases by the holders thereof.

Divisions in which Land may be acquired.	Authority.	Limit of Area.	Price.	Remarks.
		CONDITIONAL PURCHASES—Ordinary Residential.		
Eastern ..	Acts 1884 and 1889 and amending Acts passed subsequent to the Act of 1884, including Act of 1895.	Maximum area, 640 acres; minimum area, 40 acres. The maximum can, however, be increased to 1,280 acres by converting a conditional lease into an additional conditional purchase.	£1 per acre—2s. per acre deposit, payable on making the application, and after an interval of three years, during which period no payment is required and interest is not charged, the balance, together with interest at the rate of 4 per cent. per annum, is payable by annual instalments of 1s. per acre. The whole of the balance may be paid at selector's option, if he has obtained a certificate of conformity, after a continuous residence of five years from date of application in the case of selections made prior to the Act of 1895, or after ten years if subsequent thereto. The survey fee, according to prescribed scale, must be paid at the date of selection.	The holder of an ordinary residential conditional purchase is entitled to a conditional lease up to three times the area of his other conditional purchase, provided that the total area, including the portion leased, does not exceed 1,280 acres. Under section 29 of the Act of 1895 the term of residence in connection with a new conditional purchase or a new additional conditional purchase in virtue of a conditional purchase under the repealed Acts or even under the Act of 1884 is increased to ten years from the date of application. Exceptions as to residence are detailed in section 30 of the Act of 1895.
Central ..	do ..	Maximum area, 2,560 acres; minimum area, 40 acres.	do do ..	The same provisions regarding a conditional lease as in the Eastern Division, excepting that the total maximum area is 2,560 acres.
		CONDITIONAL PURCHASES—Classified Areas.		
Eastern, Central.	Act 1899 .... do	Maximum and minimum areas same as for ordinary residential conditional purchases.	At such prices as specified in the notification, whether below £1 per acre or not. One-tenth of purchase money is payable on application, and each of the annual instalments (the second and subsequent of which shall include interest at the rate of 4 per cent. per annum on the balance of purchase money) shall be 5 per cent. of the price of the land.	Similar to those relating to an ordinary residential conditional purchase.
		CONDITIONAL PURCHASES—Ordinary Non-Residential.		
Eastern, Central.	Acts 1884 and 1889 and amending Acts passed subsequent to the Act of 1884.	Maximum area, 320 acres; minimum area, 40 acres.	The price per acre, deposit, and all subsequent instalments are double those prescribed for ordinary residential conditional purchases. The survey fee is the same as that for ordinary residential conditional puchases.	A non-residential conditional purchase does not entitle the holder to a conditional lease, and debars him from selecting at any future time.
		CONDITIONAL PURCHASES—Special Areas outside Population or Suburban boundaries.		
Eastern ..	Acts of 1884 and 1889.	The minimum and maximum areas are specified in each proclamation, but the maximum area cannot exceed 320 acres.	Thirty shillings per acre and upwards, the price being fixed by proclamation in the *Government Gazette*. One-tenth of the purchase money is payable on application, one-twentieth at the expiration of three years, and a similar amount each year subsequently until the balance of the purchase money, with interest at 4 per cent., has been paid.	This system was first introduced under the Act of 1884. The conditions to be fulfilled are similar to those of the ordinary conditional purchase. No conditional leases can be taken up in special areas, and no conditional lease of ordinary Crown Lands can be acquired by virtue of a conditional purchase within a special area.
Central ..	do ..	The minimum and maximum areas are specified in each proclamation, but the maximum area cannot exceed 640 acres.	do do	The same provisions as in the Eastern Division, with the exception that a conditional lease of ordinary land can be taken up by virtue of a conditional purchase within a special area.
Western ..	do ..	do ..		The same provisions as in the Eastern Division.
		CONDITIONAL PURCHASES—Special Areas within Population or Suburban boundaries.		
Eastern, Central, Western.	Act of 1889 ..	Maximum and minimum areas are specified in the proclamations.	The conditions of payment are specified in the proclamations.	Conditions as to residence, fencing, and other improvements are specified in the proclamations. Any lands within population or suburban boundaries which have been proclaimed special areas are available for special area conditional purchase.

No. 16.—Particulars relating to Conditional Purchases and Homestead Selections—*continued.*

HOMESTEAD SELECTIONS.			
Division.	Authority.	Limit of Area.	Conditions.
Eastern, Central, Western.	Act of 1895	Fixed according to capabilities of land for the maintenance of one family, but no selection must exceed 1,280 ac.	The applicant may take possession immediately after lodging his application, but shall commence to reside on the selection within three months after the confirmation of the application, and thereafter continue for the first five years. The annual rent shall equal 1½ per cent. of the capital value during the first five years. At the expiration of that period a grant is issued, transferring the land in perpetuity to the lessee, on the payment annually of a rent equal to 2½ per cent. of the capital value. Provision is made for a revaluation of the selection by the Government every ten years. An applicant may appoint a deputy to fulfil the residential conditions during the five years prior to the issue of the grant, subject to the approval of the Local Land Board, but the applicant will be required to pay an annual rent equal to 3½ per cent. on the capital value during the before-mentioned period and effect greater improvements, but on issue of grant his residence on the selection must be continuous for such period, not less than 7 months in each year, as may be determined by the Governor.

Decisions of Supreme Court.—At the close of the year 1899 there remained 2 cases with the Land Appeal Court for settlement of the terms of the special cases to be stated for the decision of the Supreme Court. These were subsequently dealt with by the Supreme Court, the ruling of the Land Appeal Court being confirmed in both instances.

During 1900 the Land Appeal Court was asked to state special cases for the decision of the Supreme Court on 7 occasions, and in one instance a mandamus was issued by the Full Court compelling the Land Appeal Court to state a case. Of these cases, six were stated and sent on ; one remains with the Land Appeal Court for settlement, and in the other the application to state a case was refused on a technical objection. Of the six cases forwarded to the Supreme Court, two remain undealt with, and in the other four, the ruling of the Land Appeal Court was reversed in three cases and confirmed in one.

No. 32.—Particulars relating to Occupation.

Forms of Lease under Land Acts.—Prior to the 1884 Act the only forms of lease granted were Pastoral, Annual Special, and Pre-emptive. Under the 1884 Act provision was made for each of these forms of lease to be continued except the pre-emptive, which was abolished. Under the same Act, Occupation Licenses, Conditional and Homestead Leases were established. The supplementary Act of 1889 provided for five additional forms of Lease, which were as follows, viz. :—Scrub, Snow Land, Artesian Well, Residential, and Inferior Land, and under the Act of 1895 two other forms of Lease were added, viz. :—Settlement Leases for Agriculture and Grazing and Improvement Leases.

Division in which Lease may be granted.	Currency of Lease under Crown Lands Acts of 1884, 1889, and 1895.	Limit of Area.	Remarks.
PASTORAL LEASES.			
Eastern, Central, Western.	Eastern Division—Leases expired, 1890. Central Division—10 years currency from 1885; leases expired 1895, but in a proportion of cases extensions varying up to 5 years have been granted under the provisions of section 43, Act 1889. Western Division—15 years currency (1884 Act); 21 years currency from 1890 (1889 Act). In both cases the term has by the Act of 1895 been extended to 28 years.	No limit fixed	Areas under pastoral lease are exempt from conditional or other sale or any form of lease. In the case of leases in the Central Division the Minister may, by virtue of section 3, Act of 1895, withdraw one-half the area held under lease so as to provide for settlement, and by way of compensation an extension of lease is granted for remainder. In the Western Division a similar provision exists, except that the area withdrawn must not exceed one-eighth, and must be within 10 miles from the boundary of a town containing at least fifty inhabitants.
OCCUPATION LICENSES.			
ORDINARY.			
Eastern, Central, Western.	From January to December—Renewal is subject to payment of license fee.	No limit fixed	Lands held under occupation license, unless reserved from sale, are available for conditional purchase or conditional lease in the Eastern and Central Divisions, but only to homestead lease in the Western Division, also for settlement lease and improvement lease in any division, if set apart therefor.
PREFERENTIAL.			
Eastern, Central.	do do ..	No limit fixed	Under the 33rd section of the Lands Act of 1889, the holder of a pastoral lease in the Eastern Division, and under section 4 of the Act of 1895 the holder of a pastoral lease in the Central Division, has a preferential right to an occupation license over the area hitherto held by him under pastoral lease. This privilege has been extended by the Act of 1895 to cases where land is withdrawn for purposes of settlement from land held under pastoral lease in the Central or Western Division. Other conditions are similar to those of ordinary occupation license.
HOMESTEAD LEASES.			
Western ..	Fifteen years currency from 1885 (1884 Act); 21 years currency from 1890 (1889 Act); 28 years by Act of 1895.	Maximum, 10,240 acres; minimum, 2,560 acres. Under section 34, Act 1889, the minimum area can be reduced to 640 acres.	Areas under homestead lease are exempt from conditional purchase, and other forms of sale or lease. Lands held under annual lease or occupation license, unless reserved from lease, are available for homestead lease.
CONDITIONAL LEASES.			
GAZETTED.			
Eastern, Central.	Under 1884 Act, 15 years from confirmation; under 1889 Act, 15 years from date of application, extended in both cases to 28 years by Act of 1895.	Area cannot exceed three times the area of conditional purchase, and cannot be less than 40 acres. In the Eastern Division the total area conditionally purchased and conditionally leased must not exceed 1,280 acres, and in the Central Division 2,560 acres.	Lands in the Eastern and Central Divisions available for ordinary conditional purchase are open for conditional lease. A conditional lease, even of ordinary lands, cannot be taken in virtue of a special area conditional purchase in the Eastern Division. This limitation does not, however, apply to the Central Division. Land in the Western Division is not now available for conditional lease. The conditional leases existing in the Western Division are pre-emptive leases converted into conditional leases under the Act of 1884.
UNCONFIRMED (not Gazetted).			
Eastern, Central.	do do ..	do do ..	Under the 1889 Act unconfirmed conditional leases are subject to a provisional rent of 2d. per acre.
ANNUAL LEASES.			
Eastern, Central, Western.	From January to December of each year.	Area cannot exceed 1,920 acres	Lands held under annual lease are available for auction sale, conditional purchase, conditional lease, in the Eastern and Central Divisions, snow land lease in the Eastern Division, and homestead lease in the Western Division.

No. 32.—Particulars relating to Occupation—*continued.*

Division in which Lease may be granted.	Currency of Lease under Crown Lands Acts of 1884, 1889, and 1895.	Limit of Area.	Remarks.
SETTLEMENT LEASES FOR AGRICULTURE AND GRAZING. (Under Land Act of 1895.)			
Eastern, Central, Western.	Lease for 28 years, Act 1895.	Area not more than 1,280 acres for agriculture, and not more than 10,240 acres for grazing and agriculture combined.	The land must, in the first instance, be set apart for this purpose. Lessee shall reside on farm, and make it his *bonâ fide* home. Last holder shall have tenant-right in improvements.
IMPROVEMENT LEASES. (Under Land Act of 1895.)			
Eastern, Central, Western.	Lease for 28 years and under, Act 1895.	Area not more than 20,480 acres. The original area of the Church and School estate was 443,486 acres, of which 161,182 acres have been alienated in fee, leaving a balance of 271,740 acres brought under the operation of the Act for leasing purposes. Recent surveys indicate, however, that the area within the boundaries of the several estates as computed, not surveyed, is 282,304 acres, and after making allowance for 60,911 acres converted into holdings under the Crown Lands Acts, an area of 113,931 acres is shown to be not held under lease on the 31st December, 1900.

No. 43.—Court of Claims.

Prior to 1831 all grants of public land were made upon the sole authority of the Governor. After that date all public lands were directed to be sold. The so-called "grants" issued prior to 1831 were only promises of grants, giving authority to take possession of the land, but not conferring any title in law. In 1833 an Act was passed (4 Wm. IV No. 9) appointing and empowering three or more Commissioners to hear and determine claims to grants of land. This Act was limited to two years' operation, but in 1835 was made perpetual by Act 5 Wm. IV No. 21. No deeds were issued during 1900; nor were any claims dealt with by the Court in that year.

* There are 46,729,636 acres held under occupation license and annual lease in the three Land Divisions, and 829,760 acres under pastoral lease in the Central Division. The last-mentioned leases terminated in 1895; but, in accordance with section 43 of the Act of 1889, renewals were granted for various short terms. Leases of the following areas will expire during the year mentioned :—

1901	189,760 acres
1902	252,160 ,,
1903	344,483 ,,
1904	43,357 ,,
Total	829,760 acres.

The areas, the leases of which expire in 1902, 1903, and 1904, comprise the remainder of leaseholds, portions of which were withdrawn for settlement during 1896, 1897, 1898, and 1899 under the provisions of section 3 of the Act of 1895.

* This total of 118,930,265 acres is that obtained from the returns of holders of land. According to the Lands Department, the total area of Crown Lands occupied on 31st December, 1900, was about 125,927,022 acres. The latter figures are, however, in excess of the actual area leased—probably by about 4 million acres—owing to the fact that portions of land held under one form of lease, and in respect to which application has been made for transfer to another form, appear under both forms pending consideration of the application. This allowance reduces the area actually under lease to 121,927,022 acres, and the difference of 2,996,757 acres represents holdings for which no returns could be obtained.

NOTE.—Large holdings extending into more than one county are returned in the county where the homestead is situated

Private Bores.—These bores are situated on private holdings and have been made at the sole cost of the owners. The information in the foregoing table has been obtained by the Department of Mines from the various owners and boring contractors, and not from actual measurement of the flows; it can therefore be only accepted as approximate.

PART VI.—MANUFACTORIES AND WORKS.

Commencing with the year 1896 the statistical returns have been compiled on a new basis, in order to secure uniformity with Victoria. Formerly an establishment where no machinery is used was included in the returns if at least five hands were employed therein; but on the present basis the minimum number of hands accepted in such factories is four. Also milliners, dressmakers, and tailors, formerly not enumerated, are now included, and the home workers regularly employed in connection with factories are included in the general total.

Boroughs and Municipal Districts—Municipalities Act.—Under the provisions of Act 31 Vic. No. 12 the Municipalities are divided into two classes, Boroughs and Municipal Districts, although the name of "Municipality" is common to both institutions. A borough shall, upon its first incorporation, contain an area of not more than 9 square miles, with a population of not less than 1,000; a municipal district must not exceed 50 square miles, and shall contain a population of at least 500. The boundaries of each class of division must not overlap.

Sydney—The City of Sydney is classed as a Municipality, but is incorporated under a Special Act.

Excess of Immigration.—It is believed that not a few persons leave New South Wales without their departure being recorded; the figures given, therefore, are somewhat in excess of the truth.

Chinese Immigration.—Under Act, 52 Vic., No. 4, passed in the year 1888, no Chinese, unless exempted by the Act, are allowed to enter New South Wales either by sea or land without the payment of a tax of £100 each. The exemptions are—Chinese who are British subjects by birth, who have been naturalised in New South Wales, or those who arrive on a special mission under the authority of the British or Chinese Governments, and members of crews of vessels who land in the performance of their duties. Naturalisation of Chinese in New South Wales is now prohibited by the Act. Chinese naturalised in other Colonies are not entitled to the right of British citizenship in New South Wales.

(—) Denotes excess of Emigration.

Naturalisation Act.—The first Act empowering the Governor to grant letters of naturalisation in New South Wales was assented to in 1828 (9 Geo. IV, No. 6). The next important Act passed was 11 Vic., No. 39, amended by 17 Vic., No. 8. This was repealed in 1876 in favour of the Act 39 Vic., No. 19, which was repealed, together with the Act 9 Geo. IV, No. 6, by the Consolidation Act No. 21 of 1898, known as the "Naturalization and Denization Act of New South Wales, 1898." An alien who has resided in New South Wales for a term of not less than five years may apply to the Governor to be naturalised. Should a certificate of naturalisation be granted, the applicant must take the oath of allegiance prescribed by the Act. The Chief Secretary records all certificates of naturalisation, and receives a fee of one pound for each certificate issued. The register of certificates of naturalisation may be inspected upon payment of a fee of one shilling.

Naturalisation of Chinese.—A clause in the Chinese Immigrants Regulation and Restriction Act of 1861 (25 Vic., No. 3) provided that certificates of naturalisation should not be granted to Chinese. The Act was, however, repealed on the 20th November, 1867, but since the date of the passing of the Chinese Restriction and Regulation Act of 1888 (52 Vic., No. 4), no certificates of naturalisation can be issued to Chinese in New South Wales.

Naturalisation Certificates.—Certificates of naturalisation granted in other Colonies do not confer the right of British citizenship in New South Wales.

Divorce.—Under Act 55 Vic., No. 37, assented to 9th May, 1892, and 56 Vic., No. 36 (13th June, 1893), the grounds on which Divorce may be granted have been largely extended. This explanation accounts for the large increase in the number of marriages dissolved in 1893 and each subsequent year. For full particulars of Divorce ee Part "Law and Crime," and statistics in reference to Divorced persons published in the Statistician's Report on Vital Statistics.

Re-marriages.—The number of those persons who were divorced in New South Wales, and again married in the State cannot be separated in the above table, which shows the Re-marriages of persons who had been divorced either in New South Wales or elsewhere.

Primary Schools.—Under the Public Instruction Act (43 Vic. No. 23), which came into force on 1st May, 1880, it is provided that the instruction imparted at Public Schools shall be absolutely unsectarian. "Secular instruction" is defined by the Act as including "general religious teaching as distinguished from dogmatical or polemical theology."

Compulsory Attendance.—The Act makes it obligatory upon the parents or guardians of all children between the ages of 6 and 14 years (unless just cause of exemption can be shown), to cause such children to attend school for a period of not less than 70 days in each half-year. The minimum age for admission of pupils has been fixed at 5 years by a Ministerial Minute.

Causes of Exemption.—The causes of exemption defined by the Act are :—That the child is being regularly and efficiently instructed in some other manner ; that from sickness or infirmity or from fear of infection or other unavoidable cause there is inability to attend ; that there is no State School within 2 miles by the nearest road, or that the child has already been educated up to the standard of education required. Under this last clause, examinations for exemption certificates are held at the annual inspection of the schools.

Public School Fees :—The weekly fee is three-pence for each child up to four children of one family ; for four or any larger number of the same family the charge is one shilling. Where inability to pay fees is shown payment is not enforced.

Matriculated Students.—The total number of scholars and bursars who passed the Matriculation examination includes 32 who qualified at the Junior, and 5 at the Senior examination.

Scholarships.—In the High Schools, 50 scholarships are open for competition annually, viz., 30 in the Sydney schools, and 20 in the Maitland schools. A scholarship is tenable for 3 years, and entitles a scholar to a free grant of text-books and free education in a High School. In a few exceptional cases, scholarships have been made tenable in country Superior Public Schools.

Bursaries.—Bursaries are available for admission to the Superior Schools, High Schools, or Sydney Grammar School, In the metropolitan and sub-metropolitan districts, 20 half-bursaries are open to competition, and in the country districts 10 full bursaries, winners of which are eligible for free education at the Superior Schools, High Schools, or Grammar School of Sydney. For the Maitland Boys' High School 10 full bursaries, and for the Maitland Girls' High School 5 full bursaries are available. A bursary is tenable for 3 years, and entitles a scholar to a free grant of text-books and free education in the above-named Schools. When a bursar is compelled to board away from home, an allowance not exceeding £30 per annum is made.

Examinations.—Half-yearly examinations for scholarships and bursaries are held during June and December.

University Bursaries.—Ten bursaries, 6 to boys and 4 to girls, tenable for 3 years at the Sydney University, are open to competition according to the position of candidates at the annual matriculation examination. Competitors must be under 18 years of age, and must have attended a State High School, a Public School, or as State Bursars the Sydney Grammar School, for the year preceding the examination. Bursars are entitled to a free grant of text-books and free education, together with an allowance not exceeding £20 per annum to those who need not board away from home and not exceeding £50 per annum to those who mus necessarily do so.

Schools and Departments, 1900.—The number of schools and departments in operation during 1900 was 2,745 and 2,961 respectively. Of these there were 2,697 schools and 2,913 departments open on the 31st December, 1900. With few exceptions all Schools below Class IV are "Mixed" Schools, the boys, girls, and infants not being separated into different departments.

Superior Public Schools.—To entitle a Public School to be designated a "Superior" Public School, at least 20 pupils must be eligible to join a fifth class. At the end of 1900 there were 107 Public Schools of Classes I to V, comprising 263 departments, classed as "Superior" Public Schools. In these schools instruction is given to the fifth class in Latin, French, and other subjects prescribed for the Senior and Junior Examinations.

Training Schools for Teachers.—There are two Training Schools, Fort-street for males, and Hurlstone for females, the total enrolment for 1900 being 31 and 28 respectively. Persons who have completed their course as pupil-teachers are alone eligible for admission. Students who gain a classification of II A, with honors, are granted, on their passing the matriculation examination, scholarships at the University for twelve months, which may be conditionally renewed for the second year. The students are also given practical work under supervision in the Practising Schools and Kindergarten Department of the Model Public School, Fort-street. On completion of the course of training each student undergoes examination for a Classification Certificate.

NOTE.—In addition to the above expenditure, vested residences or rental allowances are granted to Teachers, of the estimated annual value of £35,000.

Public School Cadet Corps.—In connection with the State Schools, and inclusive of those attached to Roman Catholic Schools within the Metropolis, there were, at the end of 1900, 97 Cadet Corps, with an enrolment of 3,433 cadets. The amount expended for cadet purposes during 1900 was £4,794 as against £3,416 in 1899.

Penny Savings' Banks.—These are established in connection with the State Schools. At the end of 1900, Savings' Banks were in operation at 643 schools. The estimated number of depositors was 38,700, and £9,524 was standing to their credit. Deposits as collected are placed in the Post Office Savings' Bank to the credit of the School Bank. As soon as the amount at the credit of an individual depositor reaches £1, a separate account is opened in the child's own name.

Collection of Returns in Electorates and Counties.—The particulars relating to private schools were formerly collected according to electorates; since 1892, however, the returns have been taken in counties. The boundaries of the former are liable to be varied by a change in the electoral law, while those of the counties are practically established on a permanent basis.

Counties.—Of the 141 counties into which New South Wales is divided, only in 75 are private schools in operation.

The Sydney Grammar School was incorporated by Act of Parliament, December, 1854, and was established for conferring on all classes and denominations of British subjects resident in the Colony the advantages of a regular and liberal course of education.

The Trustees of the school are 12 in number, of whom 6 shall be persons holding the offices of Colonial Secretary, Attorney-General, Speaker of the Legislative Assembly, Chancellor of the University of Sydney, principal Classical Professor, and Mathematical Professor of the University, and the other 6 shall be laymen not holding offices under the Government or the University.

The Act authorised the payment of £20,000 for erection of school buildings and Head-master's residence, and an annual endowment of £1,500.

The school was opened 3rd August, 1857.

Law Matriculation.—Persons desirous of entering into articles of clerkship with Attorneys, and who have not taken a University Degree, or passed the preliminary examination required in England, Scotland, and Ireland, are required to pass a preliminary examination (law matriculation), which is similar and equal to that prescribed for ordinary matriculation. Clerks, after having entered into articles, are also required to pass two intermediate examinations in History and Law respectively. These examinations are conducted by a Board appointed by the Supreme Court.

The first examination for junior clerks was held on 27th January, 1897. Candidates must be not less than 16 nor more than 21 years of age on the first day fixed for the examination, and must have resided in the Colony at least three years at date of application. Candidates must forward to the Board within a prescribed time an application in their own handwriting, containing their full names, ages, and addresses, and on passing the examination a properly certified extract from some official register of births, or other satisfactory evidence as to age. They must in their application name two responsible persons to whom reference can be made as to character. Candidates other than those permanently employed in the Public Service will be required to pay a fee of 10s. into the Treasury before they are allowed to sit for examination. Candidates are examined in the following subjects:—(1) Handwriting; (2) English (Dictation); (3) English (Composition); (4) Arithmetic; (5) Geometry; (6) Geography; (7) English History; but are allowed to take two of the following optional subjects:—(*a*) Mathematics; (*b*) English (a prescribed author, the same as that prescribed for the Junior Examination of the current year); (*c*) Latin; (*d*) French; (*e*) German; (*f*) Elementary Chemistry; (*g*) Elementary Geology; (*h*) Elementary Physics. No candidate for admission to the Clerical Division is considered qualified for appointment unless he is awarded a total of at least 1,650 marks in the examination.

The number of vacancies to be filled during the year is advertised. Up to the 1st June, 1901, of the 382 candidates including 10 girls) who passed the examinations, 328 (including 3 girls) have been appointed to the Service, and 6 failed to ss the necessary medical examination. After admission to the Public Service, successful candidates are on probation only, and such probationary position is for a period of not less than six months.

Incorporation and Endowment.—The University of Sydney was incorporated in 1850, and endowed with an annual income of £5,000. It is empowered to confer, after examination, degrees in arts, law, and medicine. Graduates of Sydney University rank equally with graduates of British Universities.

Under the Act of 1884 degrees in all branches of knowledge except theology and divinity are granted, and all University privileges are extended to women.

Senate.—The government of the University is vested in a Senate, consisting of 16 elected and not more than 6 *ex officio* members, being Professors of the University. The Senate elects from its members a Chancellor, who holds office for three years, and a Vice-Chancellor, who is elected annually.

Faculties.—There are four Faculties: Arts, Law, Medicine, and Science. A Dean is appointed by the Senate to each Faculty from time to time for a term not exceeding two years. There is also a Department of Engineering.

Professors.—During 1900 there were on the University Staff 14 Professors and 36 Lecturers and Demonstrators; of these, 7 of the former and 3 of the latter were paid out of the "Challis" Fund.

Degrees.—The curriculum of study for the B.A. degree is three years, and the M.A. degree cannot be obtained till two years after the former has been conferred. The curriculum of study for the LL.B. degree is five years, of which the first two are in the Faculty of Arts. The course of study for the degrees of M.B. and Ch.M. is five years. The course of study for the B.Sc. degree extends over a period of three years. The degrees of B.E. and M.E. are also given in the four branches of Engineering, viz., Civil, Mechanical, Mining, and Electrical Engineering. Candidates for these degrees receive instruction for a period of three years.

Ad Eundem Degrees.—Act 44 Vic. No. 22 empowers the Senate to confer *ad eundem gradum* degrees on graduates of other recognised Universities.

N.S.W. Medical Degrees.—Under an Order made by Her Majesty, with the advice of the Privy Council, as notified in the *Government Gazette* of 6th June, 1890, the second part of the British Medical Act of 1886 is made to apply to New South Wales. Holders of the degrees of M.D., M.B., and Ch.M., conferred by the Sydney University, are consequently recognised and may be registered in the United Kingdom in the same way as holders of similar degrees, conferred by a British University, are registered in New South Wales.

University Extension Lectures.—The University Extension Lectures were inaugurated in 1886, since which year lectures have been given annually in various centres of New South Wales, and from 1893 in Queensland. A Board not exceeding 18 members is appointed annually. Not less than 4 of these must be members of the Senate, and a similar number members of the teaching staff. Each course consists of six or ten lectures, and concludes with an examination of those who have attended the lectures. Certificates are awarded to the successful students. A few short courses of three lectures are given, with no concluding examination.

Finance.—The supervision of the financial affairs of the University is, subject to the direction and control of the Senate, entrusted to a Finance Committee consisting of the Chancellor, Vice-Chancellor, and four elected Fellows.

"Challis" Fund.—In 1880 the late Mr. J. H. Challis bequeathed his whole estate to the University, which, under the terms of the will, was transferred to that institution in September, 1889. The assets in Australia and England amounted to £268,224. The Senate has decided that the Fund shall be applied as permanent provision of income for educational uses. Through the agency of the Fund seven "Challis" Professorships and five "Challis" Lectureships have been established.

Other Foundations.—There are also the "Hovell" Lectureship, £6,000; the "Wentworth" Travelling Fellowship, now amounting to £2,213; and the Curatorship of the "Macleay" Museum, £6,000. In 1896 the University received a donation of £50,000 from Mr. P. N. Russell, to endow the Department of Engineering.

University Museums.—The "Nicholson" Museum of Antiquities, the "Macleay" Museum of Natural History, and the Museum of Normal and Morbid Anatomy, attached to the University, are accessible to the public under certain regulations.

1900	Henry Wait..	....	Regulations to be adopted.

Bursaries.—Bursaries are only conferred when satisfactory proof is produced that the means of the candidate, or of his parents or guardians, are insufficient to enable him to attend the University without such assistance. There are fourteen at the disposal of the University. These have all been created (on the initiation of the late Dr. Badham, when Professor of Classics) by private foundations, at a cost of £1,000 each, together with a margin in some cases to ensure prescribed annual awards amounting to £50. They are helped, on the part of the Senate, by an accompanying exemption from all lecture fees and the fee for matriculation. Women are eligible for not more than one half of the five bursaries, founded in 1881, by the late Mr. Thomas Walker, of Yaralla, Concord.

Public School—University Bursaries.—Ten other bursaries have been created by the Government in connection with the Public School system, but the University is not concerned in their award, although the Senate has conceded to the holders a similar exemption from fees. For information relating to these Bursaries, see note to Table No. 7.

Establishment of Technical Education.—Classes for Technical Education were first established at the Sydney Mechanics' School of Arts in 1865. The Working Men's College was started in 1873. In 1878 a sum of £2,000 was granted by Parliament for the organisation of the Technical College, and for five years the classes were carried on at the institution named. In 1883 a Board was appointed by Government to take over the management, but towards the end of 1889 the Board was dissolved, and the Technical Colleges were placed under the control of the Minister of Public Instruction. The new Technical College at Ultimo was opened to students in January, 1892.

Technical Education in State Schools.—During 1890 a workshop was established at Fort-street Model School, and later on, at the Boys' High School and other large schools in the metropolis and country. The pupils are taugnt the use of tools by instructors connected with the Technical College and branches. The course consists of carpentry, joinery, and other selected handicrafts. Examinations are held annually, and certificates issued to successful candidates.

Enrolment.—The total number of pupils enrolled was 11,159, as shown in Table No. 54, as against 10,256 for 1899, but a number of students have joined more than one class; the number of individual students was 8,625, with an average weekly attendance of 7,495.

Classes.—The total number of classes given above was the number in existence at each locality, and not the number of distinct subjects taught.

Technological Museum.—This museum, situated in Harris-street, Ultimo, was established in 1879, and was first administered by a committee of management appointed by the trustees of the Australian Museum. It was taken over by the Department of Public Instruction on 1st January, 1890, and made an integral part of the Technical Education Branch. Special endeavours are being made to collect the raw products and samples, illustrative of the industries and manufactures of the Australian Colonies; and the museum contains a large number of native mineral and vegetable products, and a comprehensive series of specimens of wool. Over 85,500 exhibits in all have been acquired, by purchase, gift, loan, and exchange.

Australian Museum.—The Australian Museum was founded in 1836. It was originally connected with the Botanical Gardens, and was located in a room in Macquarie-street, Sydney, but was afterwards removed to the Surveyor-General's Office, and again, in 1849, to its present site. Its affairs were managed by a committee until 1853, when the Museum was incorporated by Act of Parliament (17 Vic. No. 2). The Act provides for twelve official Trustees, one Crown Trustee, nominated by the Governor, and twelve elective Trustees. Provision was also made for a State endowment of £1,000 per annum, which is supplemented by annual Parliamentary appropriations as required. It is essentially a Museum of Natural History.

Museum Library.—The library attached to the Australian Museum contains many valuable books. Presentations are continually being made, and during 1900 the additions numbered about 273 volumes, besides many pamphlets and unbound parts of periodicals. The greater number were received by gift or exchange, and the purchases amounted to £254, including binding.

The Museum publications issued during the year were: "Records of the Australian Museum," vol. iii, Parts 7 and 8, completing the volume; "Memoirs of the Australian Museum," vol. iii (on Funafuti Atoll), Part 10, completing the volume; "Memoirs of the Australian Museum," vol. iv (Results of Thetis Expedition), Part 2; "List of Duplicate Books and Pamphlets available for exchange."

Other Museums.—In addition to the Australian Museum and the Technological Museums in which the exhibits are of a general nature, there is a Geological Museum connected with the Department of Mines and Agriculture, Sydney, which is open to the public free of charge. The "Nicholson" Museum of Antiquities, the "Macleay" Museum of Natural History, and the Museum of Normal and Morbid Anatomy, attached to the Sydney University, are also accessible to the public.

The Public Library of New South Wales.—The "Free Public Library" was established on the 1st October, 1869, when the buildings and books of the "Australian Subscription Library," founded in 1826, were purchased by the Government. During the years 1886-7 considerable additions were made to the premises, a large portion being entirely rebuilt. The new buildings were opened in April, 1890. In 1877 the operations of the Library were extended by a Lending Branch being attached. Under certain simple regulations books may be borrowed by individuals, country Libraries, Mechanics' Institutes, and groups of Students in Country Districts, free of charge. The Newspaper Room, formerly attached to the Reference Library, was, in February, 1895, transferred to the Lending Branch. During 1895 the name "Free Public Library" was changed to "The Public Library of New South Wales." During 1899, Mr. D. S. Mitchell, M.A., made a first donation of 10,024 volumes, with 50 valuable pictures, and intimated his intention of bequeathing the whole of his unrivalled Australian collection to the Public Library, together with an adequate endowment. This collection is to be kept separate and known as the "Mitchell" Library. The Lending Branch and Newspaper Room were removed in June, 1899, to improved quarters in the Queen Victoria Market Buildings, and the Lending Branch was closed on Sundays. In December, 1899, the Library was incorporated, and received a statutory endowment of £2,000 per annum for the purchase of books.

Whipping.—Under the Criminal Law Amendment Act (46 Vic. No. 17) provision has been made for whipping as an additional punishment, chiefly for offences classed as wanton and unprovoked assaults and indecent exposure. The Court adjudicating must, however, consist of two or more Justices, one of whom shall be a Police or Stipendiary Magistrate. In the Metropolitan District the cases are decided before two Stipendiary Magistrates.

Higher Courts.—*Central Criminal and Circuit Courts.*—Judges of the Supreme Court preside over the Central Criminal and the fifteen Circuit Courts. *The Courts of Quarter Sessions* are presided over by Chairmen, who are also Judges of the District Courts. There are seven Chairmen, two of whom preside over the Metropolitan, Suburban, and Hunter Districts, and one over each of the five remaining districts. Accused persons in each jurisdiction are tried by a jury of twelve.

Jurisdiction.—The Central Criminal and Circuit Courts, and Courts of Quarter Sessions, have co-ordinate jurisdiction excepting as regards capital charges, which cannot be dealt with by Courts of Quarter Sessions.

NOTE.—In the 627 males shown as sent to gaol in Tables Nos. 25, 26, and 27, are included 2 males who were twice convicted in superior courts during 1900. In Tables Nos. 28, 29, and 30, which are compiled from the gaol records, these appear only once. Besides the 625 males and 39 females sent to gaol, and 6 males sent to a Reformatory, the gaol records deal with 8 males who were fined, 44 males and 11 females who were released under the First Offenders' Act, and 20 males who were bound over. They also include 4 males and 1 female acquitted on the ground of insanity, but they omit 341 males and 24 females acquitted on the evidence, 4 males and 1 female in whose cases the jury disagreed, and 11 males and 2 females in whose cases no further proceedings were taken.

Trial Bay Prison and Breakwater.—Prisoners under sentences to penal servitude, or to hard labour on the roads and public works, or to imprisonment with hard labour, become eligible for employment upon the public works at Trial Bay Prison under the following conditions, viz. :—Prisoners under sentences from three to five years, who have not been punished for misconduct within the previous six months, and favourably recommended by the Gaolers, at a period twelve months before they would become eligible for discharge under the ordinary remission regulations, and in anticipation of such discharge; in sentences of five to ten years similarly at a period of two years anterior to discharge; in sentences of ten years and upwards at a period of two years and six months anterior to discharge. The Breakwater now under construction is being supervised by Officers of the Public Works Department, and the prisoners engaged in work, who are entirely under the control of the Comptroller-General of Prisons, receive small monetary remuneration, as well as being supplied with rations and clothing which is not of the prison pattern.

First Offenders Probation Act of 1894 (57 Vic. No. 23).—Under the provisions of this Act any person, convicted on the first offence, may be set at liberty on certain conditions instead of being sent to prison. Although the sentence is passed in the usual form, the Court has power to suspend its execution, upon the offender entering into a recognizance, with or without sureties, for his good behaviour, for a period of not less than twelve months.

Breaches of the Act.—During 1900 three offenders, who were at liberty under the provisions of the First Offenders Probation Act, had their recognizances forfeited.

NOTE.—During 1899 there were 8 persons, convicted in the higher courts, liberated under the provisions of the First Offenders Probation Act, against whom previous convictions were recorded; 5 having single convictions previously recorded, viz., 1, convicted of wilfully making a false statement, having been previously convicted of wife desertion; 1, convicted of malicious injury to property, previously convicted of being drunk and disorderly; 1, convicted of stealing a saddle and illegally using a horse, was previously convicted of stealing; 1, convicted of illegally using a horse, was previously convicted of having possession of suspected stolen property; and 1, convicted of wounding, was previously convicted of assault. Two persons had four previous convictions recorded against them; 1, convicted of forgery and uttering, was previously convicted on two occasions of larceny, once of throwing missiles, and once of illegally using a horse; the second, convicted of larceny, was no two previous occasions convicted of being drunk and disorderly, and twice for using indecent and obscene language. One person, convicted of breaking, entering, and stealing in company, had seven previous convictions recorded against him, viz., two for stealing, two for having supposed stolen property, two for indecent language, and one for unlawful possession.

The number of persons liberated during 1900 under the provisions of the Act, who had previous convictions recorded against them, numbered 9, 4 having single convictions recorded against them, viz., 1, convicted of cattle stealing, having been previously convicted of being the drover in charge of sheep did not produce a permit on demand by a constable; 1, convicted of breaking, entering, and stealing, was previously convicted of an indecent assault on a girl, aged 7 years; 1, convicted of forgery and uttering, was previously convicted of using indecent language; and 1, convicted of assault, was previously convicted of assault. Two persons had two previous convictions recorded against them, 1, convicted of stealing in company, was previously convicted of cruelty to animals and indecent language; and a second, convicted of common assault, was previously convicted of assault and a joint charge of being drunk and disorderly, using indecent language, and maliciously damaging property. Two persons had three previous convictions recorded against them, 1, convicted of forgery and uttering, was previously convicted of drunkenness and two charges of indecent and threatening language; a second convicted of maliciously inflicting grievous bodily harm, was previously convicted of drunkenness, obscene language, and having supposed stolen property. One person, convicted of making a false answer to a question put to him by the Deputy Electoral Registrar, was previously convicted on four occasions of riotous conduct, drunkenness, drunkenness and indecent language, and being drunk and disorderly.

Garnishee Cases.—The Court may, upon the *ex parte* application of any creditor obtaining a judgment, order that all debts due by a third person (the garnishee) to the defendant shall be attached to meet the judgment debt, and may, by a subsequent order, direct the garnishee to pay as much of the amount owing by him as will be sufficient to satisfy the judgment debt.

Interpleader Cases.—When a claim is made to goods held under a writ of execution by a person not party to the suit the Court may, upon application to the bailiff, decide the claim.

New Trial Applications.—When a judgment has been given against the defendant in his absence, the Court may set it aside and grant a new trial.

Examination of Judgment Debtors.—The Court may, on the application of a judgment creditor, order the judgment debtor to be orally examined as to whether any and what debts are owing to him.

Appeals and New Trial Motions.—During the year ended 1st March, 1901, there were 5 appeals from the judgments of these Courts, in 3 of which the judgment was affirmed, while in 2 it was reversed. There were also 12 motions for new trials, of which 4 were granted. The right of appeal can only be exercised in causes in which the amount claimed exceeds £10, and must be made either on points of law or in respect to the admission or rejection of evidence.

Causes tried by Jury.—Of the 2,321 causes tried during the year 1900-1901, only 47 were tried by Jury. When the amount in dispute exceeds £20 either of the parties may, by giving notice to the Registrar of the Court, have a Jury summoned.

Judges of Supreme Court.—There are seven Judges attached to the Supreme Court, the Chief Justice, and the six Puisne Judges. The Chief Justice and four Puisne Judges devote attention chiefly to Common Law and criminal cases, another Judge to Equity, another to Bankruptcy and Probate, and another Puisne Judge is Judge of the Divorce Court.

Terms.—There are four Terms during each year, the dates of which are fixed by the Judges, as are also the days the Court Sittings commence, the duration of Vacations, and the dates for holding Circuits.

Vice-Admiralty Court.—The Chief Justice was appointed Judge Commissary of the Vice-Admiralty Court by the Admiralty, and one of the Puisne Judges acts as Deputy. The Supreme Court has no jurisdiction in this Court.

* Writs issued.—The number of writs issued includes those for claims subsequently settled by the parties.

† Judgments signed.—The amounts for judgments signed include taxed costs in all cases where the judgments have been completed at the end of the year, and relate to undefended and tried cases only.

Probate and Administration.—By the Wills, Probate and Administration Act of 1898, No. 13, the jurisdiction previously vested in the Primary Judge in Equity is transferred to the Supreme Court in its Probate Jurisdiction, and such Judge as might be appointed Probate Judge. The duties performed by the Prothonotary and Ecclesiastical Clerk are now performed by the Registrar of Probates.

Gross and Net Value of Estates.—The figures from the Probate Court and Stamp Duties Department (see Part "Public Finance") relating to transactions in the estates of deceased persons do not agree. The Court gives the gross value of the estates, and includes those estates which, after investigation, are found not to be subject to duty. The number of petitions is also swollen by probates on some estates being taken out a second time. The amount given by the Stamp Duties Department represents the net value of the estates.

Estates of the Value of £1,000—How dealt with.—Prior to the passing of the Probate Act of 1890 all applications for probate and letters of administration (except where the gross amount of the estate did not exceed £100) were made in open Court, and also applications to pass accounts of executors or administrators. Under the present Act the Registrar grants probate and letters of administration where the estate does not exceed £1,000 in value, it being only necessary to apply in open Court in cases beyond that amount. It is now also only necessary to apply in Court for the allowance of executors and administrators' accounts where commission is applied for, or in case of appeal from the decision of the Registrar.

Small Estates—Value £300 and under.—In pursuance of the provisions of the "Wills, Probate and Administration Act of 1898, No. 13," probate and letters of administration may be granted by the Registrar without the intervention of a solicitor in estates sworn not to exceed £300.

Intestate Estates.—The Registrar of Probates is also Curator of Intestate Estates. He is empowered to apply for an order to collect the estate of any deceased person leaving real and personal estate who shall have died intestate, and leaving no widow or next of kin resident within the jurisdiction of the Court, or when the person shall have died testate, but leaving no executor, or no executor willing and capable of acting in execution of his will, and in a few other instances.

Grounds for which Divorces were granted, see Table 86.

First year of Divorce Act.—Prior to the passing of the Matrimonial Causes Act of 1873 (36 Vic. No. 9), the Supreme Court of N.S.W. had no jurisdiction in divorce. **The existing Act** (55 Vic. No. 37) was assented to on the 9th May, 1892, but did not come into force, owing to an informality, till the 6th August. During 1893 an amending Act (56 Vic. No. 36) was attached.

Jurisdiction.—In addition to granting Decrees for Dissolution of Marriage, for Judicial Separation, for Nullity of Marriage, for Restitution of Conjugal Rights, and for Jactitation of Marriage (no petitions for which have as yet been filed in this Colony), the Court also deals with questions of alimony, custody, maintenance, and education of children, damages against an adulterer, and settlements of property.

A suit *in forma pauperis* cannot be proceeded with without a Judge's order, and to obtain such it is necessary to produce the certificate of the Registrar and an affidavit of the party applying as to means of living, and, where a suit is by a wife, the means of her husband, and that he or she (after the payment of just debts) is not in possession of property worth £25, except wearing apparel and household furniture.

Decrees Nisi.—After a Decree *Nisi* has been granted, it can be made absolute at any time subsequent to the date fixed by the Court for that purpose. Neither party can re-marry until after fourteen days from the date of the Decree *Nisi* having been made absolute

Grounds for Divorce.—The chief grounds for divorce under the old Act were adultery since marriage, on the part of the wife, and adultery and cruelty on the part of the husband. In addition to the foregoing causes, petitions for divorce can now be granted on any of the following grounds:—

Husband *v.* Wife.—Desertion for not less than three years; or by refusing to obey an order for restitution of conjugal rights; habitual drunkenness and neglect of domestic duties for a similar period; being imprisoned for three years and upwards, and still in prison, under a commuted sentence for a capital crime, or under sentence to penal servitude for seven years and upwards; attempt to murder or inflict grievous bodily harm, or repeated assaults and cruel beatings during one year previous to presentation of Petition.

Wife *v.* Husband.—Adultery, provided that at the time of the institution of the suit the husband is domiciled in New South Wales; desertion for not less than three years; or by refusing to obey an order for restitution of conjugal rights; habitual drunkenness for the same period, together with cruelty or neglect to support; being imprisoned for three years and upwards, and still in prison, under a commuted sentence for a capital crime, or under sentence to penal servitude for seven years and upwards, or having within five years undergone sentences amounting in all to not less than three years; attempt to murder or inflict grievous bodily harm, or repeated assaults and cruel beatings during one year previous to presentation of Petition.

Period of Domicile.—To entitle either party to seek relief on any one of these grounds he or she must have been domiciled in the colony at the time of instituting the suit for three years and upwards, and should not have resorted to the colony for the purpose of the suit. When a wife seeks for a decree on the ground of three years desertion, if she was domiciled in New South Wales when the desertion commenced, she shall not be deemed to have lost her domicile by reason of her husband having thereafter acquired a foreign domicile.

Restitution of Conjugal Rights.—Before a suit can be brought there must have been a request of a conciliatory character to the other party to return to cohabitation.

Nullity of Marriage.—Petitions may be granted in cases of marriages which are void by the law of the land; where some statutory requirements have not been observed; or in which one of the parties is incapable to perform the duties of marriage, or joined in the marriage ceremony through coercion or threats or mental incapacity.

Bankruptcy.—The law is administered by a Judge in Bankruptcy, under Act No. 25 of 1898. The existing Act came into force on the 27th July, 1898, and consolidated the Acts of 1887, 1888, and 1896. Prior to the commencement of the Act of 1887, viz., 1st January, 1888, the transactions in Insolvency were carried out under a Commissioner of Insolvent Estates.

* Though a composition was accepted, the estate was not released by the end of the year.

(*a*) **Sequestration Orders Annulled.**—The Judge annuls sequestration orders in cases where he is of opinion that a sequestration order ought not to have been made, or where it is shown that the debts of the bankrupt have been paid in full.

(*b*) **Release of Estate.**—A bankrupt may have his estate released from sequestration after the acceptance and approval of a composition or scheme of arrangement, or if all the creditors are paid in full, or have given him a legal quittance of the debts due.

(*c*) **Certificates of Discharge.**—Three months from the date of sequestration a bankrupt may give notice by advertisement of his intention to apply for a Certificate of Discharge. The application may be heard within thirty days of the date of the first publication of the advertisement, and the Judge or Registrar receives a report from the Official Assignee, and may either grant or refuse an absolute order of discharge. A bankrupt is not deemed to be discharged until he pays all fees due by him and a certificate has issued.

(*d*) **Composition and Arrangement.**—The creditors have power to accept, and the Judge to approve, of a proposal for a composition, or for a scheme of arrangement, provided that it has been confirmed by a majority in number representing three-fourths in value of all proved creditors.

Suspension or Refusal of Certificates.—The Judge or Registrar may either grant or refuse an absolute order of discharge, or suspend the operation of the order for a specified time, or grant an order of discharge or suspend the operation of such order subject to any conditions with respect to future earnings or income. In certain cases the Court must refuse, suspend, or grant the order subject to conditions. As one of the conditions of granting an order of discharge the Court may require the bankrupt to consent to judgment being entered up against him.

The Assets and Liabilities are "according to Bankrupts' Statements of Affairs." The assets vary in many instances considerably from the statements showing amounts realised; the original figures as to liabilities, however, represent fairly the actual indebtedness.

Petitions withdrawn and refused.—Petitions withdrawn apply wholly to Creditors' petitions withdrawn in consequence of terms of settlement approved of by the Court, and the petitions refused represent those cases in which the Judge or Registrar is not satisfied that acts of Bankruptcy alleged have been committed, or with the proof of the petitioning creditor's debt.

Official Assignees.—There are three Official Assignees appointed by the Executive Council, with the approval of the Judge, and when, in the opinion of the Judge, an addition to their number is required, others can be appointed. In each estate the Official Assignee receives 2½ per cent. commission on the amount realised, and 2½ per cent. on the amount of dividends declared. The Judge may also grant special remuneration. Each Official Assignee is obliged under the 98th section of the Act to furnish the Registrar with quarterly statements showing the transactions in each estate.

***Bankruptcy Estates Account.**—Each Official Assignee pays all moneys received by him to the Registrar in Bankruptcy who places the amount to the credit of the "Bankruptcy Estates Account." In special circumstances the Official Assignee may be allowed to open an account with a Bank. When the Official Assignee's account and plan of distribution in an estate has been confirmed, the Registrar draws a cheque on the Bankruptcy Estates Account in favour of the Official Assignee, to cover dividends and unpaid charges included in the account and plan. In cases of urgency the Registrar may pay out moneys to the Official Assignee, pending the confirmation of an account and plan.

Criminal and Quasi-Criminal Appeals.—Appeal from Magistrates' Courts to Quarter Sessions is a remedy for bringing the Orders and Convictions of Justices to the review of Quarter Sessions. When an appeal is allowed, the Court is Judge of law as well as fact. The right of appeal exists only when given by express enactment.

Appeals to Full Court.—Appeals against orders or decisions of Judges of the Supreme Court are made, with few exceptions, to the Full Court. Act 48 Vic. No. 13, passed August, 1884, provides that no Judge of the Supreme Court shall sit on the hearing of an appeal from, or on a matter to set aside, any judgment, order, decree, ruling, or decision made by him. This Act also provides that the Court on the hearing of such appeals or motions shall consist of three Judges.

Admission to the Bar.—The Board for approval of qualified persons to be admitted as Barristers of the Supreme Court of New South Wales, is formed under Act 11 Vic. No. 57 and 39 Vic. No. 32, and consists of the Judges of the Supreme Court and the Attorney-General and two elected members of the Bar.

King's Counsel.—A King's Counsel is appointed by Commission signed by the Governor, upon a recommendation made by the Attorney-General to the Executive Council. Seven barristers held this appointment in June, 1901.

Crown Prosecutors.—Seven barristers, who receive an annual salary, hold appointments as Crown Prosecutors at the Courts of Quarter Sessions, and one at the Central Criminal Court. Others, who are paid by fees, are specially appointed, on the recommendation of the Attorney-General, for each sitting of the Circuit Courts.

Acts under which Registered.—Mortgages on Real Estate are registered either under the Deeds Registration Act No. 22 of 1897), or the Real Property (Torrens') Act of 1862 (26 Vic No. 9.)

Amount of Consideration incomplete.—In many instances the amounts lent upon mortgage by banks are not stated, but simply the words "valuable consideration" or "cash credit" inserted in the deeds. As this occurs frequently when the properties mortgaged are evidently of great value, the absence of the amounts must materially affect the returns, and, as a consequence, the amounts under the head of "mortgages" are incomplete. It must be borne in mind, therefore, that the "Amount of Consideration" stated applies only to cases in which the specific amounts are stated in the deeds, whether the amounts be the sums actually advanced or not.

The Discharges do not include foreclosures, which, if not formally registered as discharges, are nevertheless mortgages cancelled. The returns of discharges are therefore incomplete, and the discrepancy between the mortgages contracted and discharged is largely due to this cause.

Sums Secured both by Lien on Wool and Mortgage of Sheep.—When any sum has been secured, both by a lien on the wool and by mortgage of the sheep, the amount is included under the head of mortgages only—thus in 1900, the gross amount lent on liens was £988,343; but from this has to be deducted the sum of £197,922, secured both by lien on the wool and mortgage on the sheep, so that the net amount lent on lien was £790,421.

*Discharges and Foreclosures.—It is not compulsory to register discharges; consequently no records exist of Bills of Sale terminated voluntarily, or by seizure with Judge's order to discharge. The large discrepancy between the number "Filed" and "Satisfied" is accounted for by this fact.

All Mortgages on personalty other than Wool, Live Stock, Growing Crops, Ships, and Shipping Appliances, are filed and entered at the Supreme Court under the "Bills of Sale Act of 1898."

For particulars of Mortgages on Ships and Shipping Appliances, see Part "Shipping."

Duration of Patents.—The period for which Letters Patent remain in force varies from seven to fourteen years, generally for the latter period; a Certificate of Provisional Protection can, however, only be granted for twelve months from date of issue. A patent granted in New South Wales only protects the holder or holders within the boundaries of the State.

The Copyright Act (42 Vic., No. 20) was passed in May, 1879, and became law on the 1st July following. Under the International Copyright Act, 1886 (49 and 50 Vic., clause 33), and the Orders in Council thereunder, the greater part of the body of Imperial Copyright law applicable to literary and artistic works together with the Copyright Convention of Berne, became reciprocally applicable to Great Britain and the countries that are parties to the Convention, namely:—Great Britain with her Colonies and Possessions, France and her Colonies (including Algiers), Germany, Italy, Spain with her Colonies, Switzerland, Luxembourg, Monaco, Hayti, Belgium, Montenegro, and Tunis; consequently, it is now possible for Colonial Copyright works to receive International protection within the limitations prescribed by law. The same Act places Colonial Copyright in literary works upon the same footing as Imperial Copyright, that is to say, a work first published in a colony may by registration in such colony obtain protection throughout the British dominions. The registrations effected under the Act up to the end of 1900 amounted in number to 3,085, receipts to £968, and disbursements (salaries) to £5,900.

Duration of Copyright.—Books are protected for the natural life of the author and for 7 years after his death, or for 42 years from first publication, whichever may be the longer period; paintings, drawings, sculpture, and engravings, for 14 years; photographs, 3 years; articles composed wholly or chiefly of metal, wood, stone, cement, glass, earthenware, ivory, bone, and similar substances, 3 years; paperhangings, carpets, oilcloths, and all kinds of textile and woven articles, 2 years. To obtain the benefits of the Act in reference to designs, every article must bear the word "Registered," together with the name of the proprietor and the date of registration.

No. 18.—Causes of Insanity of Patients Admitted to State Hospitals for the Insane, and Licensed Houses, 1899–1900.

Causes of Insanity.—These "Causes" are taken from the statements in the papers received with the Patients on admission, and are verified or corrected as far as possible by the Medical Officers.

Number of Causes, &c.—Number of Patients.—The "predisposing" and "exciting" causes are both enumerated in all cases where the predominating causes could not be distinguished, so that the aggregate of the totals for each of these years exceeds the total number of patients yearly admitted. During 1899 the number of patients admitted and readmitted was 796, while the causes were 862; in 1900, the numbers were 859 and 993 respectively.

No. 2.—Receipts of Sydney Branch, Royal Mint, 1855-1900.

Branches of Royal Mint.—The Sydney and Melbourne Branches of the Royal Mint were the only institutions of such a kind in existence during 1898 in the British Possessions, the Mints at Calcutta and Bombay being established on a different basis, but a branch at Perth, W.A., was opened on the 20th June, 1899. The Sydney Branch was opened on 14th May, 1855, and that of Melbourne on 12th June, 1872. Gold only is coined in the Branch Mints, the silver and bronze coin required for circulation in the Australasian Colonies being obtained from the London Mint. The expenditure of the Colonial establishments is borne by the respective Governments, the amount granted annually to the Sydney Mint by New South Wales being £15,000. The unexpended balance of this annuity is paid into Consolidated Revenue, together with the Mint Receipts.

MINT CHARGES.

Gold deposited at the Sydney Mint for melting, assaying, and coining, up to the 31st December, 1900, was subjected to a charge per ounce, and the charges were deducted from the gross value of the deposit. They were—

	On Gold raised in New South Wales.	On Gold certified to be the produce of any other Colony or Country.
(1) In deposits of less than 500 ounces, standard.	6d. per ounce, six shillings being charged for a deposit under 12 ounces.	5d. per ounce, five shillings being charged for a deposit under 12 ounces.
(2) In deposits of 500 ounces and over, but less than 5,000 ounces, standard.	4d. per ounce	3d. per ounce.
(3) In deposits of 5,000 ounces, standard, and over.	2d. per ounce	1d. per ounce.

Silver retained.—In addition to the above, the Mint authorities retained all silver contained in deposits, but payment was made for the silver in excess of 2 per cent. at a rate from time to time notified in the *Gazette*. The rate paid from the 1st January to the 30th September, 1896, was 1s. 9d. per oz. fine; from the 1st October, 1896, to the 23rd August, 1897, the rate was 2s. per oz. fine, while on the last-mentioned date it was reduced to 1s. 6d. per oz. fine.

New Regulations.—In substitution for the above charges, new regulations were gazetted in December, 1900, under which the scale has been altered, the changes, however, not being operative until the 1st January, 1901. They provide that the charge for assaying and coining, as fixed by the Royal Proclamation of 17th September, 1900, shall be 1d. the ounce standard, and for melting and refining as follow—to be levied on all gold insufficiently refined and toughened for direct conversion into coin, namely:—(1) A deposit of 500 oz. or under, at the rate of 3d. per oz. gross; (2) a deposit of more than 500, but not more than 1,000 oz., at the rate of 2d. the oz. gross; (3) a deposit of more than 1,000 oz. at the rate of 1d. the oz. gross; (4) a deposit containing more than 5 per cent. of base metal, at the rate of 1s. the oz. for all base metal contained therein, in addition to the ordinary charges. The minimum charge on any one deposit is to be 6s., except in the case of deposits containing more than 5 per cent. of base metal, when it is to be 10s. 6d. Any silver in a deposit in excess of 8 per cent. of the weight of the deposit after melting is to be allowed for at a rate, per oz. fine, to be fixed periodically by the Deputy Master, who has decided to allow 2s. 3d., the oz. fine, from the 1st January, 1901, until further notice.

*This represents gold received by escort at the Mint for the Sydney banks, which, after being assayed by the latter institutions, is returned for coinage; the Mint authorities are, therefore, unable to state the place of origin.

† These values are approximate only, the actual figures being unobtainable; but the total given, namely, £810,522, is correct. An average price of about £3 7s. 9d. has been assumed in arriving at the value of the gold from each district. It is probable, however, that the prices varied to some extent.

Value per ounce.—The value per ounce of pure gold (24 carat), at the mint rate of £3 17s. 10½d. per ounce for gold of standard or 22 carat fineness, is £4 4s. 11$\frac{5}{11}$d. The average value per ounce of gold referred to in the above Table is about £3 7s. 9d., and is for rough or unrefined gold (that containing alloys).

Light Gold and Silver Coins.—Light gold coins in parcels of not less than £50 nominal value are received at the Sydney Mint and recoined free of charge, but depositors are required to bear the loss by abrasion. The worn silver withdrawn from circulation is forwarded to England for recoinage.

Seignorage.—The difference between the nominal value of silver and the average price per standard ounce paid by the London Mint represents the seignorage or gross profit. The coinage or nominal value of silver per standard ounce is 5s. 6d., and the price per ounce paid by the London Mint during 1900 averaged 28 5/16d. The difference, 37 1/16d., represents the seignorage accrued; against this, however, must be placed the loss to the Imperial Government by purchase of worn silver at its nominal value.

‡ After allotting £15,713 to Contingency Account; not included in balance-sheet.

§ Includes Repayment to the Queensland Government, £3,000; and to Private Depositors' Repayment Fund, £6,000.

‖ The figures for the Bank of New Zealand are for twelve months. The net profit shown (£210,665) is exclusive of the dividend paid on preference shares (£9,577), and interest (£80,000) on Guaranteed stock, neither of which appears in the balance-sheet. An amount of £17,000 was appropriated in reduction of the book value of the Assets in Liquidation, £35,360 in reduction of Debenture Conversion Account, £60,000 in reduction of Colonial Bank Purchase Goodwill Account, and £48,305 in reduction of Property Accounts. The amount shown as brought forward (£50,000) was paid to the Assets Realisation Board, and the amount carried forward (£50,000) will also be paid to the same Board.

¶ Exclusive of £20,000 applied to the reduction in value of Bank Premises.

No. 20.—Deposits in Banks of Issue, 31st March, 1901.

Preferential Capital represents Fixed Deposits capitalised on and after the dates of reconstruction of the institutions. The holders of these deposits after a certain number of years become ordinary shareholders, and with one exception, the preference either as regards capital or dividends, ceases. (See Supplementary statement).

Inscribed or Perpetual Stocks.—Formerly the practice of issuing stocks was confined to one institution—the Union Bank of Australia (Limited); but, since 1893, the English, Scottish, and Australian Bank (Limited), the Australian Joint Stock Bank (Limited), the Queensland National Bank (Limited), and the Bank of North Queensland (Limited), have issued Inscribed or Perpetual Stocks.

Extended or Deferred Deposits.—Under the terms of reconstruction, the eight reconstructed banks operating in New South Wales were empowered to gradually liquidate the Fixed Deposits by payments in instalments extending over a series of years. The Commercial Banking Company of Sydney (Limited) and the Bank of North Queensland (Limited) have released the whole of the extended fixed deposits long before the dates agreed upon, and some of the other institutions have prepaid part of their deposits.

NOTE.—The figures of the Commercial Banking Company of Sydney and the Australian Joint Stock Bank are to the 25th March, 1901, but the latter includes the figures of its London Branch to the 18th of the same month only. The figures of the Bank of Australasia are to the 15th April, 1901.

SUPPLEMENTARY STATEMENT.

Bank.	Particulars.
	PREFERENTIAL CAPITAL.
Commercial Bank of Australia (Limited)	The preferential shares have priority over ordinary shares, both as to dividends and capital, the preference being continuous in each case.
National Bank of Australasia (Limited)	The preference as regards dividends is continuous, but as regards capital it ceases after the preference shareholders have received ten half-yearly dividends of at least 7 per cent. per annum.
London Bank of Australia (Limited) ...	The preference as regards capital is continuous, but as regards dividends it ceases after the preference shareholders have received five yearly dividends of 7 per cent. per annum.
	INSCRIBED OR PERPETUAL STOCKS.
Australian Joint Stock Bank (Limited)...	Interest 3½ per cent. per annum, to be increased to 4½ per cent. if profits allow. Repayable at option of Bank after 1907, on six months' notice being given.
Queensland National Bank (Limited) ...	Interest 3½ per cent. per annum. Redeemable out of surplus profits on six months' notice being given. Principal immediately repayable if interest not paid, or Bank wound up.
Bank of North Queensland (Limited)...	Interminable Debenture Deposits } These are on the same
Union Bank of Australia (Limited) ...	Inscribed Stock Deposits ... } footing as the ordinary fixed deposits.
English, Scottish, and Australian Bank (Limited).	Two classes of perpetual stocks are in existence, viz., 4 per cent. Debentures and 4½ per cent. Inscribed Stocks. The 4½ per cent. Inscribed Stock is divided into preferred and deferred, the former bearing a fixed rate of 3 per cent., and the latter a dividend of 3 per cent. from the profits (if any), and, if earnings allow, 4½ per cent. after placing £15,000 annually to Reserve Fund. The Deferred Inscribed Stock ranks after the Preferred Inscribed Stock, and both of these after the Debenture Stock, Terminable Deposits, and New Fixed Deposits.

Bank Note Composition.—Prior to the passing of the Bank Notes Act of 1893, the composition payable by the Banks of Issue under the Stamp Duties Act of 1880 was at the rate of 2 per cent. per annum on the average value of notes in circulation, but under the provisions of the Act mentioned, the rate was increased to 2½ per cent. per annum. As the Bank Notes Act lapsed in November, 1895, the composition paid since that date was charged at the old rate of 2 per cent. per annum. The Queensland National Bank (Limited) and the Bank of North Queensland (Limited) have no note circulation in New South Wales, the notes shown above for the latter bank being old notes not yet presented.

* From 12th May, 1894, deposits for 3 months were discontinued.

The Bills of Exchange Act (51 Vic. No. 2) was passed in 1887. Under this measure the law relating to bills of exchange, cheques, and promissory notes was codified. The form and interpretation of these instruments are specified, and the Act comprehensively defines the legal position of the bank, the drawee or payee, the drawer or payer, and the transferee and the transferrer, &c.

Deposit Rate Reduced.—From the 4th March, 1896, the rate of interest was reduced to 1½ and 3 per cent. per annum on deposits for 6 and 12 months respectively.

NOTE.—The Banks' Exchange Settlement, or Bankers' Pool, was established on the 18th January, 1894, in order to facilitate the settlement of exchange of notes, cheques, &c., between the 13 banks of issue transacting business in New South Wales. The "Pool" consists of £700,000 in gold, the contribution to which by each bank is regulated by the volume of the business transacted. The gold, which is placed in the hands of three Trustees, is deposited in safes in the vaults of three of the banks, and cannot be circulated or disturbed. No bank is permitted to allow its daily credit balance to fall below 25 per cent. of its fixed contribution to the £700,000.

No. 25.—Liabilities and Assets of Registered Companies receiving Money on Deposit, June quarter, 1901.

Companies furnishing Quarterly Returns of Local Assets and Liabilities.—Since 1841 the Banks of Issue have been obliged to furnish quarterly returns of local Assets and Liabilities; but it was not till 1879, under an Act passed in that year, that other registered Companies receiving money on deposit in New South Wales were required to furnish quarterly statements similar to those of Banks of Issue.

The eighteen Companies which furnished quarterly statements, and which, with the exception of Goldsbrough, Mort, & Co. (Limited), are included with the 675 Companies mentioned in Table No. 26, practically represent all the institutions which are dependent on outside capital, exclusive of the few established prior to 1879.

Companies not furnishing Quarterly Returns of Local Assets and Liabilities.—Companies formed prior to 1879, and receiving money on deposit, are not required to furnish quarterly statements of local Assets and Liabilities. The number of such, however, is very small. Registered Companies which do not receive money on deposit are not subject to the provisions of the Act which requires the publication of the Quarterly Returns.

* Includes Debentures, £269,200. † Registered under Victorian Companies' Act; not registered under N.S.W. Act.

No. 26.—Registered Companies under the Companies' Act, on 30th June, 1901.

Returns furnished to the Registrar of Joint Stock Companies.—Each incorporated Company, registered under the Act, is required to furnish to the Registrar, at least once a year, particulars as to the number of shares, amount of calls, &c.

Membership.—Companies having less than 7 members cannot be incorporated under the Companies' Act, but 7 or more persons may associate for any lawful purpose, and form themselves into an incorporated company with or without limited liability.

Compulsory registration of Companies.—No Company or Association exceeding 20, except a Banking Company, in which case the limit is 10, having for its object the acquisition of gain, can be formed without being registered under the Companies' Act, or some Special Act.

Limited Companies.—The liability of the members of a Company is limited to the amount of unpaid shares (issued) respectively held by them, or to such amount as the members may respectively undertake by the memorandum of association to contribute to the assets of the Company in the event of its being wound-up. In the event of a Company winding-up, no past member who had ceased to be a member for a year or upwards prior to the commencement of the winding-up, is liable to contribute to the assets of the Company.

Number and Capital of Limited Companies.—There are 675 of these companies in existence, having in the aggregate a nominal capital of £38,243,191.

Note.—Some of the Companies fail to furnish the particulars required by the Companies Act. Any tabulations relating to them would therefore be incomplete.

The Registration Fees payable under the Act are stated in Tables B and C of the 1st Schedule of the Act. The fees contained in the former Table apply to Companies having a capital divided into shares, and Table C prescribes those fees payable by Companies not having the capital divided into shares. The minimum and maximum charges in Table B are respectively 5s. and £50, and under Table C 5s. and £20.

Companies registered outside New South Wales.—The provisions of the Companies' Act do not apply to companies registered outside New South Wales but operating in the State; such Companies may, however, be registered under the Act for the purpose of winding-up and adjusting financial operations within New South Wales.

No-Liability Mining Companies.—The first Act for the regulation of these Companies (44 Vic. No. 23) was passed in March, 1881, and continued in force till the 2nd October, 1896, on which date the "No-Liability Mining Companies Act" (60 Vic. No. 15) was passed, and all subsequent transactions were subject to the new provisions. Under clause 26, a copy of the balance-sheet of each Company must be filed at least once a year at the office of the Registrar of Joint Stock Companies. Clause 52 provides that not less than seven persons can continue to carry on the business of any Company registered under the Act.

Companies operating outside New South Wales.—Under the old Act Companies whose places of operation (or mines) were outside New South Wales, could not register in the State. Under the new Act this has been altered, and Western Australian and other mining Companies are now being registered in New South Wales.

Fees.—The maximum fee for registration under the previous Act was 1s.; but under the present measure the fees range from 4d. to £1.

No. 30.—Savings Bank of New South Wales: Balance-sheet on 31st December, 1900.

The Savings Bank of New South Wales was established in 1832 under Act 2 William IV No. 13. The Act provided that the Governor should be President, and the management be vested in nine trustees appointed by the Government, one of whom was to be vice-president.—Under an amending Act, passed in 1853, the number of trustees was not allowed to exceed eighteen, but the trustees were to nominate a managing trustee, who, if not already a trustee, became one by virtue of his office. A further Act was passed in 1862 termed the Savings Bank Consolidation Act.

Ratio of Assets to Liabilities.—The ratio of Assets to Liabilities on the 31st December, 1900, was £1 1s. 0½d. to every £1 liability.

Deposits and Interest allowed.—Sums to any amount from one shilling may be deposited in the Savings Bank of N.S.W., but with the exception of the funds of Friendly Societies, Charitable and other Public Institutions, deposits exceeding £200 do not bear interest on such excess. The bulk of the deposits of over £200 probably belongs to the Institutions referred to. The rate of interest allowed on accounts closed during 1900 was 3 per cent. per annum, and on accounts remaining open on 31st December was 3½ per cent. per annum.

* This Society is practically defunct. † Final Balance-sheet. ‡ Loss.

Benefit Building and Investment Societies.—These societies are registered under the Friendly Societies Act of 1873 (37 Vic. No. 4), which repealed the former statutes relating to the societies, viz. :—7 Vic. No. 10, 11 Vic. Nos. 10 and 53, 14 Vic. No. 11, 17 Vic. No. 26, and 29 Vic. No. 8. Under the provisions of the existing Act, any number of persons may form themselves into and establish societies for the purpose of raising money by subscription to enable members to erect or purchase dwellings, &c., which must be secured to the society by mortgage until the amount of shares has been fully paid. The rules of the society must be signed by three of the intending members, and the Secretary or other officer, before the institution can be registered.

NOTE.—The Amended Friendly Societies Act of 1899 does not relate to Benefit, Building, Investment, and Co-operative Societies and Trade Unions—the portions of the Act of 1873 concerning them being unrepealed by the provisions of the first-named measure.

Return of Net Risks under Fire Brigades Act.—Under the 15th Clause of the Fire Brigades Act, 1884, the Insurance Companies holding risks within the proclaimed area under the Fire Brigades Board of Sydney are required to furnish annually to the Board the amount held at risk (within the proclaimed area) by each Company on the preceding 31st December, less the sums reinsured with other contributing Companies under the Act. The total contributions to be levied for 1901 are £9,400 from 42 Companies, the amount contributed by each Company towards the cost of maintenance for the year being established by the Board from the returns supplied by the Companies. A similar amount to that contributed by these Companies is also paid both by the Government and the Municipal Councils within the area under the jurisdiction of the Board.

Other Lines.—In addition to the above there are several branch lines connected with the coal and other mines in the State, but as regards length they are unimportant. During 1890, legislative sanction was obtained for the construction of a private line from the flux quarries at Tarrawingee to the tramway system of the Broken Hill mines, a distance of 40 miles 7 chains. Recently authority was given by Parliament for the purchase of the line for the sum of £15,000. During this year the purchase was completed, and the Railway Commissioners entered into an agreement with the Silverton Tramway Company for the latter to work the line during the next five years, paying 3 per cent. per annum on the capital outlay to the former for the concession.

Private Railways under Construction.—During 1893 authority was obtained for the construction of two private lines, viz., Menindie to Broken Hill, in the Western District, and Rosehill to Dural (Simpson's), in the Parramatta District. The latter was opened for traffic, under the control of the Railway Commissioners (the Government having purchased it), on the 1st August, 1901, as far as Carlingford, a distance of 4 miles 41 chains. The total length of the line when completed will be 9 miles.

Standards.—The Weights and Measures Consolidation Act (No. 19 of 1898) repealed the original Acts (3 Wm. IV, No. 4, and 16 Vic. No. 34). Under the provisions of the existing Act, the standard Imperial Weights and Measures of Great Britain are declared to be the standards for New South Wales. The Act also provides that all articles sold by weight must be sold by Avoirdupois, except gold, silver, platina, diamonds, or other precious stones, which are to be sold by Troy weight, and drugs, which, when sold by retail, may be sold by Apothecaries' weight.

Inspectors.—The Inspectors of Weights and Measures administer two Acts, viz., the Bakers' Act (6 Wm. IV. No. 1) and the Weights and Measures' Act (No. 19 of 1898). The Sydney Coal Delivery Acts (9 Vic. No. 8, and 10 Vic. No. 2) only apply within the Metropolitan District to a radius of 5 miles from Macquarie-place. In the country districts the inspectors are appointed by the local Magistrates, the persons selected being generally Sergeants of Police, who, however, are not subject to any control beyond the provisions of the Weights and Measures Act, and consequently no records are available as to material dealt with.

	£		£
For examining Weights and Measures	71	For examining Troy Weights	4
,, Weighing Machines	109

Fees paid into Treasury.—The fees for testing weights and measures are fixed by the Act, but for examining scales and testing weighing machines, weighbridges, and Troy weights the fees are fixed by the Minister for Justice. The amounts received in the Metropolitan area are paid into the Treasury, but those collected in the country are retained by the inspectors.

Prosecutions.—The prosecutions in the Metropolitan area during 1900 by the inspector numbered 36, of which 31 were instituted under the Weights and Measures Act, and 5 under the Bakers' Act. The total amount of fines and costs of Court during the year was £130.

***Coal Mines Regulation Act (60 Vic. No. 12).**—Under the provisions of clause 42 of this Act, the inspectors of weights and measures under Act 16 Vic. No. 34 must examine all weights, scales, balances, &c. used in coal mines, at least once in every six months.

The General Account.—The "General Account" consists of the General Trust Funds (subject to the Audit Act), the Consolidated Revenue Fund, the two Special Suspense Accounts, the Special Trust Funds (not subject to the Audit Act), and the General Loan Account.

The Public Account.—The "Public Account," as defined by the Treasury, consists of the Consolidated Revenue Fund and the General Trust Funds (subject to the Audit Act). It must be mentioned, however, that the Audit Act recognizes only one "Public Account," whether the transactions are connected with Consolidated Revenue, Trust Funds, or Loans.

Special Suspense Accounts.—The "Centennial Park Account" (51 Vic. No. 9), and the "General Post Office New Street Resumption Account" (53 Vic. No. 13), originally formed part of the Consolidated Revenue Fund. The former was opened in 1887 and placed in suspense during 1894; the latter was opened in 1890 and placed in suspense in 1892. The debit balances on the 30th June, 1900, have been covered by advances from the Trust Funds.

Section I.—CONSOLIDATED REVENUE FUND AND TRUST FUNDS.

No. 3.—Position of the Consolidated Revenue Fund.

NOTE.—The differences between the figures contained in this and Tables Nos. 4, 5, 16, and 19, and those previously published are due to the inclusion of £21,000 paid in 1892 for redemption of Treasury Bills—which was formerly charged against the year 1890, and which correspondingly increased the credit balances at the close of 1890 and 1891—and the debiting of the Treasurer's Advance Account, and the Expenditure Suspense Account to the year in which they were expended, and not to the year in which the Votes were authorised. This latter course has been adopted by the Treasury during the past two years, and appears to be the most reasonable one to pursue, in view of the cash system being the basis of the Public Accounts.

* This sum is represented by Treasury Bills current in excess of requirements, to the amount of £37,484, less the sum of £13,000 advanced by the Government to the Penrith Council in 1893, and which is yet to be recovered.

NOTE.—It will be seen from the first part of the above table that the total Revenue for the two years 1895-6 and 1896-7 was £9,361,639 and £9,338,976 respectively, while the total Expenditure for the same periods, including redemption and cancellation of Treasury Bills, was £9,918,751 and £9,726,645 respectively. The detailed accounts published in the Statistical Register give the Revenue as £9,394,611 and £9,469,694, and the Expenditure as £9,776,331 and £9,531,779, which sums are increased to £9,926,331 in 1895-6 by the redemption of Treasury Bills, and to £9,831,779 in 1896-7 by the redemption and cancellation of bills. The differences consist chiefly in the exclusion from the above table of temporary advances recovered during the same year in which they were made.

* Half-year ended 30th June. † Year ended 30th June. ‡ Information not available. § Not dutiable.
¶ Half-year ended 31st December. ‖ Includes estates not exceeding £1,000, which are exempt from duty under the new Act.

Stamp Duties Act.—The principal Act (44 Vic. No. 3) was passed in 1880, and provided for the imposition of duties from the 1st July of that year. Under the Amending Act, 50 Vic. No. 10, which came into operation on the 31st August, 1886, a graduated scale of duties ranging from 1 to 5 per cent. was adopted; and under the provisions of Act 56 Vic. No. 30, passed in 1893, estates of deceased persons of less than £200 gross value were exempted from duty. In December, 1899, a further Amending Act was passed, and a new scale of duties, ranging from 2 to 10 per cent. was imposed. Estates under the net value of £1,000 are exempt from taxation under the provisions of the new Act. The transactions for the six months ended 30th June, 1900, will be found in Table No. 11.

No. 11.—Transactions under the Probate Act of 1899, for the six months ended 30th June, 1900.

NOTE.—The Trust Funds are divided into two classes—those operated upon directly by the Treasury and those operated upon by officers of departments in whose names the accounts stand. The funds operated upon directly by the Treasury are subject to the Audit Act, and with the Consolidated Revenue Fund constitute the "Public Account," as defined by the Treasury. The other trust funds are not subject to the Audit Act, nor do they form part of the Public Account; they are, however, part of the "General Account," and as such constitute portion of the "General Banking Account."

§ " " " £1,174,700 " " "

NOTE—The difference between the amounts outstanding at the close of each year does not, as a rule, represent the actual increase or decrease in the debt. Repayments of loans are generally effected under the head of renewals, and in following out this practice, it is usually found necessary to float the redeeming loan some time before the due date of the maturing loan; hence the liability appears twice in the Debt statement till the bonds or stocks are retired.

London Agent.—Since 1883 all financial operations connected with the issue and inscription of Stock have been conducted by the Bank of England. The Bank charges ½ per cent. per £100 Stock on all loan issues, and in addition annually receives for the inscription and management of Stock (including the payment of the half-yearly dividends), £200 per million.

Local Agent.—The Bank of New South Wales, since the middle of 1893, has transacted all the local business connected with the "Government Banking Account," and also acts as Financial Agent for the Colony in Victoria. The business carried on includes the payment of the half-yearly dividends on local Debentures and Funded Stock, and all Banking transactions connected with the Consolidated Revenue Fund, Trust Funds, and General Loan Account. The Treasury, however, in local loan issues, directly conducts the operations connected with the issue of New South Wales Funded Stock and Treasury Bills. During 1895–96 a current account was opened at the City Bank of Sydney; and during 1896–97 at the Commercial Banking Company of Sydney, Limited.

NOTE.—In some of the earlier years the interest was fixed at a daily rate; in such cases an equivalent yearly rate is quoted.

* £25,000 of this amount was repaid by the Government of Victoria.

† The total amount over-raised on two issues of this Act, viz., £7,365, was paid over to the Sydney Railway Company.

"Old Loans Account."—The £450,000 loan floated "Under various Acts" (commonly known as the "Tailings Loan") was floated during 1871 for the purpose of adjusting the amounts short and over raised under Act 17 Vic. No. 34, and all subsequent Acts to 34 Vic. No. 2. These loans constituted what is termed the "Old Loans Account," which formed part of the Consolidated Revenue Fund till 1891, when the account was finally closed by the balance at the end of that year (£132,326 0s. 4d.) being transferred to the "General Loan Account" under the provisions of the Loan Act 54 Vic. No. 33, as amended by Act 55 Vic. No. 35

"General Loan Account."—From 1871 a new system of treating the proceeds of Loans was adopted. A "Separate Loan Fund" was established for each Loan floated on and after that date. The £374,900 Loan of 1871 (35 Vic. No. 5) was the first one dealt with under the new conditions. This practice was continued till 1879, when, under the authority of the "Loan Fund Amalgamation Act" passed in that year, the "Nine Separate Loan Funds" established during the period 1871-9 and all subsequent loans, were amalgamated into one "General Loan Account." The Act declares that no portion of the Amalgamated Funds shall be used for any other purpose than Loan Services.

Newcastle Water Supply Debentures	16,000	(See remarks.)	.....	12,212	In connection with the loan of £16,000, taken over by the Government from the Municipal Council of Newcastle, a sum of £3,788 had accumulated for the purpose of redeeming the debentures, but no further contributions have been made to the fund.
Treasury Bills—					In order to provide for the extinction of Treasury Bills issued in aid of revenue, a sum of £150,000 is appropriated each year, but the fund is not cumulative, as bills to the amount of the annual contributions are extinguished each year. The second issue has been reduced by £150,000, bills to that amount having been cancelled.

NOTE.—The prices given are the monthly quotations during the year ended 30th June, 1900, for the New South Wales 4 per cent. Funded Stock (New), due 1912. The transactions on the Sydney Stock Exchange in New South Wales Government securities are chiefly confined to dealings in this Stock, although during 1899-1900 some sales of the local 3 per cent. inscribed stocks were reported. Quotations for Debentures and New South Wales 4 per Cents. (Old Funded Stock) are rare, as holders of these securities are not disposed to part with them.

* The decrease in capital shown in the City and Suburban Tramways is due to the transfer of rolling stock to some of the other lines, while in the case of the North Shore Cable line, the falling-off is due to the land taken for the St. Leonards Railway being transferred to the Railway Capital Account.

† 60 chains converted from cable to electrical traction. ‡ Excess of working expenses over earnings.

§ The decrease in length of line and capital expenditure is due to conversion of part of the steam system to electrical traction.

Registration Fee.—With the exception of Returns under the Land and Income Tax Assessment Act, which are registered free, and Notices of Objection to the retention of names on the List of Voters issued under the Parliamentary Electorates and Elections Act, on which the fee is 2d., all classes of mail matter are charged 3d. for Registration.

Letter Cards.—Letter cards, that is double cards, which are closed against inspection, may be transmitted within the State and to Queensland, British New Guinea, Victoria, South Australia, Western Australia, Tasmania, New Zealand, and Fiji at the rate of 1½d. each.

Post Cards.—Post cards impressed with 1d. stamp may be transmitted in New South Wales, or to other States of the Commonwealth of Australia, New Zealand, British New Guinea, and Fiji, and those with 1½d. stamp may be forwarded to other parts of the world.

Newspapers.—Newspapers printed in New South Wales from type set-up therein, and registered at the General Post Office, are transmitted free within the State, if posted within seven days of publication, after which time a charge of half-penny each is made. The postage on newspapers for New Zealand and States of the Commonwealth of Australia, except Queensland, is halfpenny each up to 10 oz.; those for Queensland are charged halfpenny each for every 2 oz.

Packets and Book Parcels.—Books, magazines, commercial and printed papers, and packets may be forwarded at a cheaper rate of postage than other articles. The definition and regulations are stated in the "Postal Guide."

Parcels.—Parcels up to 5 lb. in weight may be sent to all Post Offices, but exceeding that weight and up to 11 lb. are accepted for transmission only to offices to which mails are wholly conveyed by rail, coach, or steamer. A parcel is limited to 3 ft. 6 in. in length, or 6 feet in girth and length combined.

* The receipts in respect of the Australasian traffic being in excess of the amounts guaranteed in connection with the reduced rates, New South Wales was not called upon to contribute.

† The subsidy of cable between Port Darwin and Banjowanjie, also the New Caledonia Cable Guarantee are for the year ended 31st December; all other Cable Subsidies and Guarantee Contributions are for the twelve months ended 30th April.

‡ For ten months, agreement terminated on 31st October, 1899.

Cable Subsidies and Guarantees.—Each of the States of the Commonwealth of Australia, except Queensland, and New Zealand, contributed to 31st October, 1899, *pro rata* to population for the subsidy to cable to Europe, and with the exception of New Zealand, each contributes towards the subsidy for the short cable to Tasmania. The New South Wales Government doe not bear any of the expense of the alternative line, Adelaide to Banjowanjie, *via* Roebuck Bay, Western Australia. Each State guarantees against loss in connection with reduced rates on the New Zealand cable, whilst New South Wales and Queensland each guarantee a sum of £2,000 yearly to the French Telegraph Company against loss on the cable to New Caledonia.

Metropolitan Fire Brigades Board.—The Board, established in 1884 under Act 47 Vic. No. 3, consists of six members, viz., the chairman, appointed by the Government, and five elected members, one of whom is appointed by the Municipal Council of Sydney, one by the other Municipalities within the proclaimed area, two by the Fire Insurance Companies carrying on business in New South Wales, and one by the Volunteer Fire Companies. The elected members retire every two years, but are eligible for re-election. Towards the annual outlay the Government, the Municipalities, and the Fire Insurance Companies each contribute one-third. The Municipalities contribute *pro rata* to the assessed annual value of ratable property in their respective districts, and the Fire Insurance Companies proportionately to the net risks held on properties within the Metropolitan District. Sydney Harbour is outside the jurisdiction of the Board.

Ship Fires.—For the purpose of dealing with ship fires the Government pilot steamer "Captain Cook" has been fitted with a steam-pump, having a capacity of 36,000 gallons per hour.

Subsidies of Board.—The Board granted the subsidy, shown above, on a certificate of efficiency being obtained from the Superintendent. A considerable amount was also spent by the Board in the provision and repair of fire appliances, for the erection and repair of stations, and for horses.

Volunteer Fire Companies.—Companies situated within the Metropolitan district are registered at the office of the Board, and are subject to the inspection and orders of the Superintendent of Metropolitan Fire Brigades, appointed by the Government under the Act. All the hose and a great portion of the other appliances are the property of the Metropolitan Fire Brigades Board. The Railway Fire Brigade and the Sydney Meat Preserving Company's Fire Brigade receive no subsidies from the Metropolitan Fire Brigades Board.

* Outside the Metropolitan Fire Brigade area.

Fire-alarm Telephones—Telephones connected with the fire stations are placed in fire-alarm boxes in the important localities of the city and suburbs. The telephonic system at the end of 1900 consisted of 134 telephones, 21 telephone shutter-boards, and 190 telephone fire-alarms. The length of telephone and telephone fire-alarm wire was 165 miles. Most of the volunteer fire stations, theatres, music halls, &c., are also in direct communication with the Metropolitan Fire Brigade stations. The various police stations are also in communication, and public offices, hotels, wharves, business firms, and private houses that are connected with the General Post Office Exchange, can transmit calls for fires at any hour of the day or night, and arrangements have been made for the watchmen employed by business houses to report to the head-quarters station several times every night.

* Situate in the County of Cumberland and within the Metropolitan District under the Fire Brigades Act. Contributes to the Metropolitan Fire Brigades Board.

Country Fire Brigades.—Authority is given to extend the provisions of the Fire Brigades Act to the country districts, but owing to an ambiguous clause in the Statute, the Fire Insurance Companies and Municipal Councils do not always consider themselves called upon to contribute towards the expense of maintenance of the Brigades as defined by the Act. The Country Fire Brigades Boards, however, are entitled to receive subsidies from the Government. Some of the above-mentioned Municipalities have not taken any further steps than having been gazetted.

Inquests on Fires.—Act 24 Vic. No. 10 provides that "when any property, real or personal, shall be destroyed or damaged by fire, the Coroner having or exercising jurisdiction at or in the place where such fire shall have happened, shall, if he consider it a fit case for so doing, make an inquisition into the cause and origin of such fire." Jurors and witnesses are summoned, and the mode of procedure is the same as in inquests in cases of deaths. The Coroner can, if the jury find that any person has wilfully set fire to property, exercise the same authority as in the cases of murder or manslaughter.

Metropolitan Transit Commission.—The regulation of the Metropolitan street traffic which was under the Sydney Council prior to 1873, was in that year transferred to three Transit Commissioners, which number was in 1886 increased to four. The Board consisted of the Mayor of Sydney (Chairman), the Inspector-General of Police, also representatives of suburban municipalities, and licensees, the two latter representatives being annually elected. By the passing of the Metropolitan Traffic Act on the 29th August, 1900, the traffic came under the control of the Inspector-General of Police, and the Metropolitan Transit Commission was abolished.

For transactions under the Metropolitan Traffic Act, see following table.

Metropolitan Traffic Act.—The Metropolitan Traffic Act, 1900, which came into force on the 29th August, 1900, placed the control of all street traffic and the licensing of public vehicles, drivers and conductors under the Inspector-General of Police.

No. 35.—Water Rights Act.

The Water Rights Act vests all large natural supplies of water in the Crown, and establishes a system of licenses for works for water conservation, irrigation, and drainage. Before the passing of the Act such works on creeks and rivers constructed by private individuals were unprotected, and were liable to be destroyed by any person who considered that the existence of the work was opposed to his interests. Under the Water Rights Act, questions as to the propriety of licensing works are decided after full inquiry, and when a license is granted for any work, any interference with that work is illegal. The Act acknowledges the right of riparian owners to water for domestic and stock purposes, and for the irrigation of gardens not exceeding 5 acres in extent. Since the Act came into operation, 754 applications for licenses have been received. These, in the great majority of cases, relate to dams on creeks and rivers, but a considerable number are for licenses to use pumping engines for irrigation and other purposes, while a few are for cuttings or channels to divert water for similar uses. The security provided under the Act is stimulating the construction of new works of a better class throughout the country, and applications for licenses for these are steadily coming in.

The applications from the various Land Board Districts are as follows:—Armidale, 15; Bourke, 121; Dubbo, 89; Forbes, 75; Goulburn, 28; Grafton, 1; Hay, 194; Maitland, 5; Moree, 40; Orange, 24; Sydney, 16; Tamworth, 36; Wagga Wagga, 110.

Under section 4 of the Water Rights Act, the Government is empowered to carry out works for water conservation, irrigation, and drainage, in cases where the landholders concerned are willing to pay interest on the outlay. Petitions have been received in several cases of this description, and the proposals are now being dealt with.

No. 36.—Irrigation Trusts.

Balranald Irrigation Trust.

The Balranald Irrigation Act, passed in June, 1893, constituted as a Trust the members of the Municipal Council of Balranald, and vested in this Trust a portion of the temporary Common. The Act limits the area any one person may lease to a maximum of 40 and a minimum of 5 acres, and no person under 18 years of age, nor a married woman, is allowed to hold a lease. Up to the end of 1893, 1,000 acres had been surveyed into lots of 5 to 40 acres, but, as the by-laws framed by the Trustees had not then received the sanction of the Minister, these lots had not been thrown open. During 1895, however, the Minister's approval was obtained, and several blocks have been taken up.

The Trustees being of opinion that it would be advisable for an irrigation scheme to be carried out at Balranald in a similar manner to that at Wentworth, petitioned for the dissolution of the Trust. The Government has decided not to proceed with any work until the success of the works at Wentworth is assured. All surveys and levels necessary for the irrigation scheme have been completed.

Hay Irrigation Trust.

This Trust was established under the Hay Irrigation Act, passed in March, 1892, the provisions of which are practically the same as those of the Wentworth Irrigation Act. The land set apart formed part of the temporary Common, and comprised 12,847 acres. Any person (except Asiatic) can select and hold from 5 to 40 acres. The land was only thrown open in December, 1893, and up to 31st December, 1894, 62 holdings, embracing an area of 778 acres, had been applied for. The principal crops planted were barley, wheat, and oats. During 1895 an Act was passed excluding certain portions of the town and suburban lands of Hay from the irrigation area. A further amending Act, passed in 1896, entirely remodelled the Trust, and it now consists of six members, three of whom belong to the Public Service. The irrigation works were completed by an engineer appointed by the Government, and the area of land originally made over to the Trust was reduced to about 3,000 acres.

Wentworth Irrigation Trust.

This Trust was established under the Wentworth Irrigation Act, passed in September, 1890. The Trustees, being members of the Municipal Council of Wentworth, were empowered to tap the rivers Darling and Murray, and to construct dams and erect pumping machinery for irrigation purposes and, upon obtaining permission from the Governor-in-Council, to borrow money for these purposes. The area under the Trust consisted of 10,600 acres, and was a portion of the temporary Common already vested in the Municipal Council. The Trust was empowered to lease portions for any term not exceeding three years or, with the sanction of the Minister for Public Works, for any term not exceeding thirty years, and to supply water to persons outside as well as inside the irrigation area. An amount of £1,000 was spent in "Preliminary Expenses" during 1894, but up to the end of that year no portions had been leased by the Trust. Advantage was taken of a clause in the Act, providing for the dissolution of the Trust. The Government has now all the powers conferred by the Statute, and has erected pumping machinery capable of supplying water for the irrigation of 1,500 acres. The channels for the distribution of water to 566 acres are complete, and this area of land was thrown open to lessees. The lots range in area from 5 to 26 acres, and every lot is provided with water from at least one outlet from an adjacent distributary. Although the terms are favourable only five blocks have yet been taken up, but the Settlement is now more widely advertised.

Parish Roads Trusts.—Prior to the passing of the Municipalities Act of 1858, Parish Roads Trusts were appointed to construct and maintain roads in certain localities, and the expenditure connected therewith was defrayed from the tolls collected and also grants from the Treasury. Eleven Roads Trusts were established, but, with one exception, operations were confined to districts within the County of Cumberland.

On the 1st May, 1890, by resolution of the Legislative Assembly, all Public Tolls were abolished. As tolls formed the chief item of Revenue, the operations of the Trusts then existing have gradually ceased, and only the South Head Roads Trust is now active. The expenditure during the year ended 30th June, 1901, was £3,679, the balance in hand being £306.

District Councils.—With the exception of the Maitland Council, which has 44 miles of road under care, all the District Councils have ceased to exist, and, on account of the abolition of tolls, the Maitland Council only continues its operations as a Roads Trust, on the same footing as the Classified Roads Trusts under the Works Department.

Constitution Act.—"An Act to confer a Constitution on New South Wales" (Imperial Act 18 and 19 Vic. ch. 54) received the Royal Assent on 16th July, 1855, and was amended in 1884 (47 Vic. No. 5). The Legislative Council and Legislative Assembly correspond, as far as is practicable, with the two Houses of the Imperial Parliament.

Legislative Council.—No maximum number of members of the Legislative Council is fixed by the Constitution Act, but the minimum number is set down at twenty-one. In December, 1900, the number of members was seventy-five, and in July, 1901, there were sixty-nine. They receive no allowance for expenses, but are privileged to travel free over the Government railways and tramways in the State. Although the appointment is for life, a member forfeits his seat by absence from two consecutive Sessions without leave, by becoming bankrupt, and on account of other reasons, and he may voluntarily resign at any time. The President of the Legislative Council receives a salary of £1,100 per annum, and the Chairman of Committees £470 per annum.

Legislative Assembly.—The first Parliament under the Constitution Act met on 22nd May, 1856. The duration of Parliament was originally fixed at 5 years, but in 1874 an Act was passed establishing triennial Parliaments. In September 1889, an Act was assented to, allowing each member (not holding office as a Minister, Speaker, or Chairman of Committees) the sum of £300 per annum as a reimbursement of expenses incurred in the discharge of Parliamentary duties. Members also travel free over the Government railways and tramways in the State, and are provided with official stamped envelopes to the value of £15 per annum for the free transmission of correspondence through the post. Under the Parliamentary Electorates and Elections Act of 1893, New South Wales has been divided into 125 electorates, each of which has one member to represent it in the Legislative Assembly. The Speaker of the Legislative Assembly receives a salary of £1,370 per annum, and the Chairman of Committees £740 per annum.

Bills for Public Purposes.—A Bill for the paving, lighting, draining, or otherwise improving any town or district or for supplying the same with water, is deemed a Public Bill.

Public Bills.—*How initiated.*—The Constitution Act provides that all money Bills must be introduced in the Legislative Assembly. All other public Bills may be initiated in either Chamber on a motion for leave to bring in the Bill, or by a resolution reported from a Committee of the Whole, and adopted by the House.

Royal Assent.—The Governor acts as Viceroy to give the Royal Assent to, or to veto, Acts passed by the Legislature.

Reserved Bills.—There are eight classes of Bills which the Governor must reserve for the special consideration of the Sovereign. Amongst these are Divorce Bills, Bills affecting the currency, and Bills conflicting with Imperial Treaty obligations.

Enrolment.—After receiving the Royal assent the Bill is numbered and dated. A new series of numbers commences with each secular year. The Act is then transmitted by the Clerk of Parliaments to the Registrar-General, and enrolled and recorded by him within ten days from the day on which the same shall become law, as provided by the Deeds Registration Act.

Private Bills may be initiated in either Chamber. Notice of intention to apply for a private Bill must be published once a week for four consecutive weeks in the *Gazette*, and in at least one Sydney newspaper and one or more newspapers published in or nearest the District affected by the Bill. In these notices the general objects of the Bill must be stated. Before a private Bill can be read a first time, £25 must be paid to the Consolidated Revenue, and whenever the expenses necessary to such Bill exceed that amount, a further payment of £25 is required. The Bill having been read a first time, is referred to a Select Committee, who may hear counsel, and if the Bill is favourably reported upon, it is proceeded with as in the case of a Public Bill.

Private Acts not numbered.—Private Acts are not numbered.

Commissioners.—The Royal Commission appointed in 1893, under the control of the Colonial Secretary, having resigned, the Consolidation, which embraces all the most important branches of the Statute-Law, has been taken over for completion by a Barrister, who has been appointed sole Commissioner under the control of the Attorney-General. He is assisted by eight draftsmen, one of whom also acts as secretary. During the existence of the old Commission, the Statutes were classified and arranged under different heads or groups of subjects, and a large number of Statutes consolidated by the Divisional Committees.

Consolidation Bills.—Bills prepared by the draftsmen are revised by the Commissioner, and forwarded by him to the Attorney-General.

Consolidating Acts.—During the year 1900 the following Consolidating Acts were passed into law :—Sheriff, Public Watering Places, Newcastle Pasturage Reserve, Trade Marks, Oaths, Mining Partnerships, University and University Colleges, Noxious Microbes, Partition, Real Property, Public Works, Witnesses Examination, Supreme Court and Circuit Courts, Crimes. Several other Bills were prepared, but were withheld from presentation to Parliament pending the passing of the Justices Acts Amendment Act.

NOTE.—The number of votes on the rolls available for the 16th and following General Elections, includes the names of persons who were not in possession of Electors' Rights, and others who were enrolled for two districts on account of transfer of rights, consequently the percentage of votes recorded to the number qualified to vote will be higher than shown in the above table.

The Parliamentary Electorates and Elections Act of 1893, 56 Vic. No. 38, as amended by 57 Vic. Nos. 3 and 24 and 60 Vic. Nos. 24 and 25.—Under the authority of the principal Act, three Commissioners were appointed to divide New South Wales into 125 single Electorates—instead of, as previously, 74 Electorates returning 141 members—giving to each as nearly as practicable an equal number of Electors. Every man being a natural-born or naturalised subject or above the age of 21 years, who is of sound mind, and not on full pay in the Military or Naval Service, nor in receipt of public charity, is entitled to receive an "Elector's Right," provided that he, if a natural-born subject, has resided, or has had his principal place of abode, in New South Wales for a continuous period of one year, or if a naturalised subject for a like period after naturalisation—and residence for three months in the district for which he claims to vote—and applies in person, or through the post in prescribed form, to the Registrar of the district, and establishes his qualification. Provision is made for the issue of new "Rights" on change of residence, after one month's residence in the new district, and for substitutes for lost Rights. The system popularly known as "One man one vote" is in force.

Imperial Troops.—New South Wales was garrisoned by the British troops from the time of its foundation in 1788 until the year 1870, when they were withdrawn. In the succeeding year, the Military and Naval Forces Regulation Act was passed, having for its object the establishment of a local permanent force.

First Volunteer Force.—The first volunteer force was enrolled in 1854, under Act of Council 18 Vic. No. 8, which was repealed in 1867 by the "Volunteer Force Regulation Act," 31 Vic. No. 5. One of the clauses of this Act provided for the issue of orders for land to persons serving as volunteers, but this system was abandoned under Act 41 Vic. No. 15. In 1878 the forces were again reorganised, and in 1885 an additional force of reserves was raised. The Rifle Reserve companies were disbanded at the end of 1892, but in 1895 the Civilian Rifle Clubs were formed into a reserve force.

N.S.W. Military Commissions.—Commissions in the Permanent Artillery may be obtained by officers of the Partially-paid and Volunteer Forces or other selected candidates upon passing the requisite examination, and complying with certain conditions published from time to time in General Orders.

Imperial Military Commissions.—A Commission in the British Army is offered annually to a student of the Sydney University under regulations issued with Army Orders dated 1st January, 1892. Officers of the Local Forces are also eligible for appointment, subject to certain conditions.

Naval Brigade.—The Naval Brigade was formed in 1863 under the provisions of Act 18 Vic. No. 8. It consists largely of men who formerly served on British warships on the Australian Station. The Brigade consists of six companies, five of which are stationed at Sydney and one at Newcastle.

Naval Artillery.—This branch of the Naval Force was organised in 1882 under the provisions of the Volunteer Act and Regulations, but in July, 1892, it was brought under the Partially-paid system. The torpedo boats are manned by members of both Forces.

Armour.—The hull of each of the vessels of the auxiliary squadron is of steel. The deck armour over machinery space is 2-inch and 1-inch, and the conning towers are protected by 3-inch armour, except in the case of the torpedo gun-boats, the towers of which have 1-inch armour. In addition to the armament mentioned in the table, each of the cruisers carries four, and each of the torpedo gun-boats three, torpedo tubes.

Australasian Naval Force Agreement.—This agreement provides for the equipping, manning, and maintaining, at the joint cost of the Imperial and Colonial Funds, a naval squadron, consisting of five cruisers and two torpedo gunboats. The officers and men are changed triennially, and the limits where they are to be employed in times of peace or war are fixed within the boundaries of the Australian Station. It is provided that no reduction of the Imperial squadron shall be made in consequence of the equipment of this naval force. The Australasian Colonies contribute 5 per cent. on the cost of these vessels—not to exceed £35,000 per annum—in addition to the actual charge for their maintenance. In the event of the loss of vessels the Imperial Government has to replace them. The agreement is for ten years, and only terminable then provided notice is given at the end of the eighth year. Afterwards the agreement can be terminated by giving two years' notice. The vessels will revert to the Imperial Government on the termination of the agreement.

Defence of Albany.—New South Wales, together with Victoria, Queensland, and South Australia, entered into a contract, 11th March, 1892, with Western Australia, to contribute to the cost of the defence of Albany. The agreement provides that one-fourth of the total expense shall be defrayed by Western Australia, and three-fourths by the States named, the proportion to be paid by each State to be calculated on the basis of its population; Western Australia provides the garrison and has general superintendence.

Defence of Thursday Island.—A similar agreement was made, 1st January, 1893, between Queensland and New South Wales, Victoria, South Australia, and Western Australia, for the defence of Thursday Island. In this instance the five States contribute towards the expense *pro rata* on a population basis.

No. 63.—Royal Naval House.

The Royal Naval House in Grosvenor-street, Sydney, was erected exclusively for the accommodation of the men of British warships. It was built in 1889, at a total cost, inclusive of land, of £25,000, contributed by citizens and the Government of New South Wales. The house contains large reading and smoking, dining, and billiard rooms, besides a gymnasium, and other accessories. Sleeping accommodation can be found for 350 men. The institution is self-supporting, aided by an annual grant from the Lords Commissioners of the Admiralty, and the Government of New South Wales, which grants are devoted to maintaining the house during the absence of the warships from Sydney. During the month of January, 1901, no less than 5,480 men paid for beds, exclusive of those who used the house during the day time.

It is the only establishment of its kind in Australasia. The house is controlled by a Superintendent, a Committee elected by the Trustees from among their number, and a few naval officers, also an honorary secretary and treasurer.

The Sydney Observatory was established in the year 1856, at the instance of Sir William Denison, Governor of New South Wales.

Time Ball.—The Time Ball at the Sydney Observatory is dropped every day at 1 p.m. Standard Time, or 15 hours Greenwich Mean Time. There is a Time Ball at Newcastle which is controlled by signals from the Sydney Observatory.

Standard Time.—By the "Standard Time Act of 1894," which came into operation on 1st February, 1895, the mean time of the 150th meridian of longitude east of Greenwich, England, was declared to be Standard Time throughou New South Wales; but on account of the conflicting interest in the Barrier District this Act was amended by Act 60 Vic. No. 4, assented to on 23rd July, 1896. The Standard Time Act of 1894 does not now apply within the Municipal District of Broken Hill, nor the Electorate of Sturt, in respect of certain sections of the Licensing Acts, Billiard and Bagatelle Licensing Act, Parliamentary Electorates and Elections Act. The mean time of the 135th meridian of east longitude is in respect of the above enactments declared to be the standard time for the said Municipal and Electoral Districts.

Latitude, &c., of Observatory.—Latitude, 33° 51′ 41·1″ south; longitude, 151° 12′ 42·15″ east; magnetic variation, 9° 28′ 51″ east; altitude, 146 feet.

Thermometers.—The thermometers are exposed in a shed 11 feet square, of which the sides are 5 feet 6 inches high, and enclosed to within 18 inches of the ground with open lattice-work. The roof is conical, rises to 13 feet above the ground, and is covered with louvres close enough to keep out rain. Repeated experiments have been made to determine the relation between temperature in this shed and that shown by a swing thermometer, both night and day, with the result that there is no difference. It is, therefore, assumed that the shade obtained is a satisfactory one.

Humidity.—The humidity is obtained from the wet and dry bulb readings by means of a set of curves, which show the amount by inspection. These curves have been calculated from the Greenwich Dew Point Factors. The humidity thus obtained agrees with that given by Glaishier's tables.

Rain-gauge.—The rain-gauge is round, 8 inches in diameter, and with rim 15 inches above ground. The pluviometer results are from a gauge of the same size, 9 ft. above ground, and recording on the same paper as the anemometer. Two similar gauges, placed on the ground 6 ft. apart, are used; they differ very little, and not always the same way; the larger record is taken.

Coal-mines—

The rates of pay given here were those ruling in 1900 for work actually done. It does not follow that the miners and other hands were able to secure anything like regular employment at these rates.
